2.20 Employees

- 2.21 "Employee" or "Employees" means a person or persons defined as such under the Labour Relations Code.
- 2.22 "Probationary Employee" shall be defined as an employee who is serving a probationary period to determine his/her general suitability as a regular employee. All employees are hired on a probationary period, after whose successful completion they become regular employees.
- 2.23 "Regular Employee" shall be defined as an employee who has satisfactorily completed the probationary period of employment defined in Article 2.31 below.
- 2.24 "Spare Board Employee" shall be defined as an employee who is either a probationary employee or a regular employee who is engaged on a relief or day-to-day basis only and who does not hold an assignment through a posting.
- 2.25 "New Construction Employee" shall be defined as an employee who has been engaged to work only on the construction of buildings or on new or school addition projects, where new foundations are involved. Such employees shall receive wages, working conditions and fringe benefits as provided in the appropriate agreements of the trade unions in the Building Trades applicable to the Greater Vancouver area, and shall be required to pay a monthly assessment of \$1.00 to the Canadian Union of Public Employees, Local 728. They shall not be entitled to the benefits of this agreement except for daily rest periods which will be granted in accordance with Article 9.40.

All "new construction employees" shall work a seven and one-half (7 1/2) hour day, except as otherwise provided in related trades agreements.

Work performed on items normally considered part of "new construction" building costs will be paid for at current "new construction" rates.

New construction positions will not be classified as vacancies or new positions.

New construction employees will be hired through the appropriate union hiring halls or selected from the membership of the Canadian Union of Public Employees, Local 728.

No present regular employee shall be laid off as the result of the implementation of this provision.

- 2.30 Evaluation Periods and Reports
- 2.31 Probationary Period:

A probationary period is a four (4) month period served by an employee to determine his/her general suitability to become a regular employee. Such period may be served simultaneously with a trial period.

Except as noted below, the probationary period shall continue for four (4) months and, during this period, no seniority rights shall be recognized.

Upon completion of four (4) months accumulated service, an employee shall be entitled to seniority dating from the day he/she entered the service of the Employer. For clarification of what accumulated service means with respect to the words "four (4) months accumulated service" the following applies:

- 2.311 a probationary employee must work a minimum of **four (4) months from the first day of work and a minimum of 450 hours worked**, or
- 2.312 **Six (6) months from the first day of work and a minimum of 450 hours worked.**
- 2.313 If the requirements of (2.311) and (2.312) have not been met the probationary period will be extended until **eight (8) months from the first day of work.**
- 2.314 Thereafter, the probationary period may only be extended for a definite period upon the consent of both parties, and in such event the employee and the Union shall be notified in writing of such extension.

During an employee's probationary period, his or her transfer, layoff, or dismissal shall be entirely at the discretion of the Board and shall be subject to appeal through the grievance procedure. Regular employee status will be officially conferred when the employee is notified in writing by the Human Resources Department that his/her probationary period has been successfully completed. Every reasonable effort will be made to forward such notice to the employee within two (2) weeks of their probation completion.

2.32 Trial Period:

A trial period is a three (3) month period served by an employee to determine his/her suitability in a particular classification. Once a trial period has been successfully served by an employee, it need not be repeated at a later date. Such period may be served simultaneously with a probationary period.

2.33 Other Evaluation Periods:

All employees who transfer to a new location by promotion, demotion or transfer shall serve an evaluation period of up to but not to exceed one (1) month except by consent of the Union.

Employees who have been evaluated in accordance with (2.31) and (2.32) and remain in the same location thereafter, will be evaluated on performance every two (2) years from the date of the previous evaluation.

2.34 Evaluation Reports:

Reports on an employee's performance will be discussed with the employee by the evaluator. The employee may respond and the response will be attached to the report. Both the employee and the evaluator are expected to sign the report and the response, if any. This will indicate the report has been discussed, but not to indicate any agreement or disagreement. Refusal by an employee to sign an evaluation form will be noted in the employee's file.

A copy of the report and response will be given to the employee before it is forwarded to the Human Resources Department to be placed in the employee's personnel file. The Human Resources Department will forward a copy to the Union office.

When an employee is on probation or trial period, only the last evaluation report will be retained.

2.35 Staff Change Forms:

Staff change forms shall be issued for all employees within two (2) weeks indicating their employee status as either "probationary" or "regular". In addition, position notations shall be made, namely: relief, day-to-day spare board, temporary, or regular. For purposes of notifying an employee whether he/she has successfully completed the probationary period, the staff change form shall normally be the method used by the Human Resources Department.

2.36 Personnel Files:

Employees have the right to review their personnel file during regular working hours upon adequate notice to Human Resources Department.

Under normal circumstances, evaluation reports will not be removed from a file, but an employee may request, stating reasons in writing, that a specific evaluation report be removed from the file. If the request is denied, the employee's request and the reasons for denial will become part of the file.

The Employer agrees to purge an employee's personnel file of any adverse letter thirty-six (36) months from the date of the letter.

2.40 Positions, Class Specifications and Location

2.41 Position:

A position is any job within a classification. Hence, "painter" is a position within the trades classification.

2.42 Classification:

A classification is a broad description, as set out in a class specification, of the requirements of any position under that specific job title or description. A number of different positions may therefore be encompassed within a classification.

2.43 Class Specifications:

2.44 Regular Positions:

Regular positions are defined as new positions deemed permanent by the Board or as vacancies in existing, permanent positions. Such positions may be either full or part-time. If new, such positions shall be posted. If vacant, such positions shall be posted after being vacant no more than thirty (30) working days.

2.441 Amalgamated Regular Attendant Positions

A District Attendant may apply for a posted District Attendant position without giving up her/his original position provided there is no conflict with the posted position. If the District Attendant is successful in obtaining the posted position, then the District Attendant will have a new regular position comprised now of both the original and the posted positions.

2.45 Temporary Positions:

Temporary positions are defined as:

2.451 Relief positions necessitated by regular position vacancies resulting from employee sickness or approved leave of absence, when such vacancies are expected to exceed thirty (30) working days;

2.452 Day-to-day positions for employees augmenting the regular workforce when the duration of their employment exceeds or is expected to exceed three (3) months;

2.453 New positions designated as temporary by the Board, whose duration exceeds or is expected to exceed three (3) months but will not exceed six (6) months. New positions where funding is of a **temporary nature** will not exceed twelve (12) months **and will be identified on the posting with an end date and a reason for the posting. The employer shall notify the Union prior to the posting of such positions.**

All positions defined as temporary shall be posted.

2.46 Most Junior Position:

2.461 A vacancy in a classification will be considered the "most junior position".

2.462 If there is no vacancy available and it is necessary to "bump" an employee, the employee who is "bumped" will be the most junior employee in the classification having less overall seniority and working the same or fewer hours than the employee exercising bumping rights.

2.47 Location:

Location is the normal place of work in which or from which an employee in a particular position normally works. As an example, an employee may be:

Painter (classification)
Maintenance (location)

2.50 Assignments and Job Movements

2. Caretaker (classification)
Queen Elizabeth SS (location)
Gym Section (work area)

2.52 School Closure Assignments:

Employees in school term positions who wish additional work during periods of school closure (Summer, Spring Break, Christmas) shall indicate their desire for such work by signing up on the availability list posted at the Thomas G. Ellis Facility Center. Such employees must be qualified to perform the available work as per Article 12.

Employees must take vacation days equivalent to any vacation pay earned and outstanding from the previous year in the following manner:

2.521 by arranging to take the vacation days off prior to the beginning of the assignment, or

2.522 by arranging to take the vacation days off at the end of the assignment and prior to the beginning of their regular position.

2.53 Promotion:

Promotion shall be defined as the movement of an employee to a higher rate of pay or position.

2.54 Demotion:

Demotion shall be defined as the movement of an employee to a position involving reduced responsibilities and duties and possibly a reduction in pay.

2.55 Transfer:

Transfer shall be defined as the movement of an employee from one position to another, in the same classification at the same rate of pay.

- 7.41 An arbitration board shall be formed to hear the grievance. Either party shall notify the other in writing of the grievance to be arbitrated and the name and address of its chosen nominee on the arbitration board. After receiving such notification, the other party shall within five (5) days appoint its nominee on the arbitration board and give notice in writing of such appointment to the other party. Such nominees shall try to select a third member who shall be chairperson.
- 7.42 Should the representatives fail to select such a third member within five (5) days from the appointment of the last nominee, either party may request the Minister of Labour to appoint a chairperson.
- 7.43 The expenses and compensation of the nominees shall be borne by the respective parties. The expenses and compensation of the chairperson shall be shared equally between the Parties.
- 7.44 The arbitration board shall hear the matter and report its decision on the grievance within ninety (90) days of the appointment of the chairperson. The majority decision of the arbitration board shall be final and binding on all persons bound by this agreement. In the event that there is no majority decision, the decision of the chairperson shall govern.
- 7.50 Wherever a stipulated time is mentioned herein the said time may be extended by mutual consent of the parties. Such consent shall not be unreasonably denied.
- 7.60 A grievance shall not be denied because of technicalities.
- 7.70 Surveillance
- 7.71 The Employer agrees that it will not use video surveillance equipment to conduct general, on-going supervision of employees. When alleged incidences occur

which are not part of an employee's regular work, but involve either students or staff, the Parties agree that the video recording can be used by the Employer for purposes of clarification of potential disciplinary cases.

- 7.72 Employees on the staff of schools or working in school Board facilities where video surveillance equipment has been installed to assist with student safety and misconduct will be advised by a posting in the staff room of the location of such equipment. Employees working temporarily at a school or district site will also be advised of the location of such equipment upon request of the principal or presiding supervisor.
- 7.73 This clause does not restrict the Employer from installing and using video surveillance equipment where there is probable cause to suspect an employee of criminal activity provided that the surveillance is relevant and appropriate to the suspicion and is not excessive or unduly intrusive.

ARTICLE 8 CONDITIONS OF EMPLOYMENT

- 8.10 All newly hired tradespersons must have a copy of their trades certificate or other acceptable proof of competency filed with the employer at the time of hire.

A tradesperson in a posted position shall exercise any or all duties required under valid tickets or certificates in his/her possession and relevant to the posted position.

- 8.20 It shall be the duty of all employees to report for work on each and every working day at the prescribed hours of work.

- 8.21 Where employees will not be reporting for work as scheduled they will notify the dispatcher or other designated representative of the Board prior to commencement of the employee's shift, as hereinafter provided. Should there be a change in the period of absence originally indicated by the employee, the employee must notify the dispatcher or other designated representative of the Board and advise of any such changes.

Employees who have indicated they will be off work for more than one shift must notify the dispatcher or other designated representative of the Board previous to their return to work, by the times hereinafter provided, of their return to work.

8.22 Employees on day shift must advise the dispatcher or other designated representative of the Board:

8.221 No later than the start of their scheduled shift if they are going to be absent from work.

8.23 Employees on afternoon shift must advise the dispatcher or other designated representative of the Board:

8.231 No later than 11:00h if they are going to be absent from work that day.

8.25 Where circumstances render it impossible for employees to notify the dispatcher of their absence as prescribed above, it shall be their responsibility to report as soon as practicable thereafter.

8.26 Transportation Failure

It is the responsibility of all employees to make every effort to report for work. Where an employee is unable to report to work due to the failure of public transportation systems or general road closures, a leave without loss of pay will be provided for up to one (1) day of regularly scheduled hours. In order to qualify for such leave an employee must report for work as soon as circumstances permit and the employee will provide a written explanation detailing the cause of the absence.

8.30 Conference/Professional Days

Bus drivers, student support and school clerical staff may, at the employee's option, work on teachers' conference and professional days. Bus drivers and school based employees may be required to work on teachers' conference and professional days provided they are given written notice at least ten (10) working

days in advance. It is understood that employees may be required to work at other than their own position or location.

8.40 The Union has the right to refuse to cross picket lines.

8.50 Retirement

Notice of retirement must be provided to the Human Resources Department at least two (2) months prior to the intended retirement date.

8.60 Notice of Resignation

When an employee resigns, the employee is expected to provide the Board with written notice, stating the date on which the employee will work his/her last shift.

8.70 The Board will not require an employee to own an automobile as a condition of employment.

8.71 Kilometerage

When employees are directed to use their own vehicle for school district business (except for those employees covered by Article 11.40 who are required to travel between work locations) they shall receive a kilometerage payment in accordance with Board Policy 4415 Section 5.6. Claim for authorized travel must be submitted on the prescribed Board form.

8.72 Business Insurance

Where "business use" rated insurance is required but not provided directly by the School District through a special auto plan policy, employees shall be reimbursed if travel in the employee's position reasonably demonstrates the need for "business use" rated insurance (drive for work and are paid kilometerage more than six (6) times in a month) as follows:

8.721 For the difference between the cost of an employee's "to and from work" rated insurance premium and "business use" rated insurance premium, as per the Employer policy for such re-imburement; and

8.722 By presenting to the Finance Department documentation that "business use" rated insurance was purchased and a declaration by the ICBC insurance agent of the difference in insurance premiums between the two rating categories (a declaration form will be made available by the Finance Department).

8.723 Reimbursement will be made within thirty (30) days of the claim reasonably demonstrating the need for "business use" insurance.

8.80 Vehicle Vandalism

The Board will pay 100% of the deductible portion of an employee's comprehensive motor vehicle insurance coverage (or the cost of repairs) - to a maximum of \$300.00 - for a damage claim on an employee's motor vehicle which has been vandalized at the employee's workplace during his/her regular shift.

Before payment is made, the employee must provide the Board with the police case number for the incident.

8.90 Sexual and Personal Harassment and Bullying

8.91 The Board and Union recognize the right of all persons associated with the school district to work, learn, conduct business and otherwise associate in an environment that is free from sexual or personal harassment **and bullying**.

8.92 Personal harassment **and bullying** is defined as inappropriate behaviour which could reasonably be interpreted as intimidating, threatening, demeaning, humiliating or belittling.

8.100 No Discrimination

The Board and the Union agree that there shall be no discrimination, interference, restriction, coercion, harassment, or intimidation exercised or practiced with respect to an employee by reason of age, race, creed, colour, national origin, political or religious affiliation, sex, sexual orientation, membership or activity in the Union. No employee shall be disciplined for bringing to light any activity, practice or hazard that may be detrimental to any employee, student or the public in general.

8.110 Indemnification

The Employer will defend, save harmless and indemnify all employees from any demands, claims, writs, actions or other proceedings which may be brought against them and which arise from the performance of their duties and responsibilities as an employee and for any cost, loss, damage and liability arising therefrom, including all legal fees and disbursements incurred in connection therewith.

**ARTICLE 9
HOURS OF WORK**

9.10 Work Week

- 9.101 The work week will be Monday to Friday inclusive.
- 9.102 Notwithstanding 9.101 above, attendants and up to four (4) employees engaged in calling out substitutes to replace absent employees, may be required to work a week other than Monday to Friday, but shall have two (2) consecutive days off. (Note: It is understood this provision does not apply to clerical employees in the Maintenance or Caretaker departments.)
- 9.103 Part-time attendants may be assigned two (2) days off per week which are not consecutive.

9.11 Flexible Clerical Work Week

The flexible work week provided clerical employees under this section is intended to allow the work week of such employees to be scheduled as any combination of hours in a four (4) or five (5) day period, Monday to Friday inclusive to a maximum thirty-seven and one-half (37-1/2) hour workweek. Work schedules will be determined by the department head; but, wherever possible, consideration will be given to employee preferences. Work schedules must be submitted by the department head to the Human Resources Department for approval, and will not be changed subsequently without prior approval of the Human Resources Department.

9.20 Work Day

- 9.21 Full time maintenance, caretakers, and information technology employees will work seven and one half (7 1/2) hours per day, thirty seven and one half (37 1/2) hours per week.
- 9.211 The weekly regular hours of work for the District Attendant may be up to and including 37.5 hours per week and/or up to and including 8 hours per day.
- 9.22 Bus drivers will work six (6) hours per day, thirty (30) hours per week.
- 9.23 Full time Clerical and Student Support employees will work seven and one half (7 1/2) hours per day, thirty-seven and one-half (37 1/2) hours per week except employees scheduled on the flexible clerical work week.
- 9.25 The daily minimum hours of work shall be four (4) hours. This provision does not apply to call-outs or to Supervisory Aides.
- 9.30 For the purpose of establishing shifts for all but bus drivers:
- 9.31 A shift in which the majority of the hours worked fall between 07:00h and 16:00h shall be designated day shift. Employees working day shift shall have their work

- scheduled over a period of up to eight (8) hours, up to eight and one half (8 1/2) hours in the case of clerical and Attendant employees, including rest breaks with pay, as per 9.40 following, and one half (1/2) hour for lunch break, without pay.
- 9.32 A shift in which the majority of the hours worked fall between 16:00h and midnight shall be designated as afternoon shift. Where practical, and where the security of facilities can be assured, the Board will endeavour to have afternoon shift conclude by 23:00h. Employees working afternoon shift shall have their hours scheduled over a period of up to seven and one-half (7 1/2) hours, up to eight (8) hours in the case of clerical and Attendant employees, to include rest breaks with pay as per 9.40 following, and one-half (1/2) hour for lunch break, with pay.
- 9.33 A shift in which the majority of the hours worked fall between midnight and 07:00h shall be designated as night shift. Employees working night shift shall have their hours scheduled over a period of up to seven (7) hours, up to seven and one-half (7 1/2) hours in the case of clerical employees, to include rest breaks with pay, as per 9.40 following, and one-half (1/2) hour lunch break, with pay, for which they will receive up to seven and one-half (7 1/2) hours wages, up to eight (8) hours in the case of clerical and Attendant employees.
- 9.34 A split shift shall be up to seven and one-half (7 1/2) hours of work, up to eight (8) hours for clerical and Attendant staff scheduled within a twelve (12) hour period between the hours of 06:00h and 24:00h. If the shift is spread beyond the twelve-hour period, overtime for hours over twelve (12) will apply. Employees working a split shift shall have two 15-minute rest breaks with pay, as per 9.40 following and a lunch break without pay to be taken between each half of the split shift.
- 9.35 Should a shift other than day shift be implemented for clerical personnel, then:
- 9.351 No clerical employee on staff as of January 1, 1983 will be arbitrarily assigned to any such shift, but such employees may accept or post into such assignments if they wish.
- 9.352 As a result of the implementation of a clerical shift other than day shift no clerical employees on staff as of January 1, 1983 will be laid off.
- 9.36 Caretakers, Attendants, Clerical and Bus Drivers may be scheduled to work split shifts. The Parties may mutually agree upon jobs or other classifications where operational requirements would be best served by a split shift. In such cases the union will not be unreasonable in agreeing with split shifts.

9.37 Temporary shift changes (less than 30 days) shall be offered to the senior qualified employee unless an employee has been closely associated with the particular work and there would be a demonstrable difference in the work performed.

9.40 Rest periods of not longer than fifteen (15) minutes duration shall be allowed both in the first and second half of each shift. For the purposes of this article, three (3) hours or more shall constitute one-half (1/2) of a shift. The Board and the Union will cooperate in the operation of this provision recognizing that rest periods provide employees an opportunity to rest and recover from the performance of their normal workplace duties.

Approximate rest break times for employees are expected to be posted with the hours of work schedule in each work location, or posted at the maintenance shop for the information of itinerant maintenance employees. All employees are expected to have their rest breaks on school district property, unless impractical. Changes in scheduled rest breaks should be previously authorized by the employee's immediate supervisor.

An employee must work a minimum four and one-half (4 1/2) hour shift to qualify for a paid lunch break as provided in the afternoon and four (4) hours to qualify in the night shift definition.

9.50 Whenever it becomes necessary to assign students enrolled in Kindergarten to Grade 12 to other than regularly scheduled school hours (shift classes) the Board and the Union will finalize by mutual agreement any changes to hours of work provisions as set out above prior to its implementation.

9.60 Caretakers on part-time may apply to the Manager, Service Operations to combine their hours of work into a lesser number of full-time days during the summer when their school is closed. For approval to be granted, the Manager of Service Operations must have the employee's written request no later than May 30th. Permission will be granted presuming all clean-up and security requirements at the facility in question can be met.

9.70 Call Out:

Subject to 9.71 immediately following, an employee called, without prior notice, and required to leave from and to return to his/her residence, to work outside the employee's normal working hours, shall be paid a minimum of two (2) hours pay at the applicable rate, as provided in Article 10.

9.71 Call Out Extending Into Shift:

Where an employee is called, without prior notice, to commence work within two (2) hours of the employee's regular starting time, the employee will be paid

overtime for the first two (2) hours worked and straight time for the remainder of the full shift.

9.72 Shift Extension:

Where an employee receives prior notice to report to work early or is required to work beyond or to remain after the regular scheduled shift, the employee shall be paid at the applicable rate for the actual hours worked in accordance with the provisions of Article 10.

When an employee's shift is extended the employee will not be required to work a shorter regular shift in lieu of overtime.

9.73 Overtime When School Used for Polling Purposes:

Notwithstanding 9.70 to 9.72 preceding, or Article 10 following, employees who agree to attend polling stations on days they are not normally scheduled to work shall work and be paid as follows:

9.731 The shift shall be considered a special split shift, not subject to the 12-hour maximum limit per 9.34;

9.732 All time worked, up to four (4) hours, will be at time-and-one-half rates; after four (4) hours, pay will be at double-time rates;

9.733 Employees will be required to attend polling stations twice on the special split shift, once to open the school (normal a half-an-hour), a second time to clean and close the polling facility at the end of the polling day;

9.734 Any call-outs required of the employee by the polling station Deputy Returning Officer between the first part and the second part of the special split shift shall be paid, for actual time worked, pursuant to 9.732 above. Such time worked must be authorized **by the employee's supervisor.**

9.80 Bus drivers shall be paid at the prevailing rates as per Article 18 and overtime shall be paid in accordance with Article 10.12.

9.81 Bus drivers shall be paid for six (6) hours per day based on a two and one half (2 1/2) hour call out in the morning and a two and one half (2 1/2) hour call out returning pupils in the afternoon, and one (1) hour for cleaning and servicing the vehicle.

9.82 Bus drivers will not be paid for more than twelve (12) hours worked (driving plus waiting time) in any one day without the approval of the Manager, Transportation.

- 9.83 Rooms and meals required by a bus driver taking an overnight extra trip are to be provided by the party using the bus.
- 9.84 Layover days shall be paid at straight time rates to a maximum of seven and one-half (7 1/2) hours per day.

ARTICLE 10 - OVERTIME

- 10.10 For all employees except bus drivers all time worked during an employee's regular work week in excess of scheduled full-time, in accordance with Article 9, shall be paid at time and one-half (1 1/2) the regular hourly rate for the first four (4) hours of overtime in a week and double (2) the regular hourly rate thereafter.
- 10.11 For all employees except bus drivers all work performed on Saturday (or first day of rest for the exception as provided for in Article 9.102) commencing before noon, will be paid at time and one-half (1 1/2) the regular hourly rate of pay for the first four (4) hours and double time thereafter. Employees commencing work after 12:00 noon will be paid double the regular hourly rate of pay.
- 10.12 Bus drivers shall be paid overtime at the rate of time and one-half (1 1/2) for the first four (4) hours worked in excess of seven and one-half (7 1/2) hours worked on a regular work day and double time (2) thereafter. Bus drivers required to work on Saturday (first day of rest) shall be paid at the rate of time and one-half (1 1/2) for the first four (4) hours worked, and double time (2) thereafter.
- 10.13 For all employees, all work performed on Sunday (or second day of rest for the exception as provided for in Article 9.102) and on statutory holidays will be paid double the regular hourly rate of pay, in addition to any statutory holiday pay to which the employee may be entitled.
- 10.14** Authorized overtime will be paid at the appropriate rate; however, where an employee and the supervisor concerned, agree prior to overtime being worked, the overtime may be "banked" and taken as time off at the rate earned. Periods of less than one-half (1/2) hour overtime may not be banked or carried forward, and an employee will be limited to a maximum banked amount of time off equal to eight (8) days pay.

Where both employee and supervisor agree in advance to time off in lieu of overtime, the employee **may bank the overtime**; and such banked overtime must then be taken as time off and may not later be drawn as a wage premium.

Where time off is taken in lieu of overtime, such time off will be taken at the equivalent straight time of the rate earned when the overtime was worked. The time off will be taken at a mutually acceptable time which is convenient to the needs of the department; and the employees will file a request with their

supervisor to take such time off at least two (2) weeks before the time off is desired. Under normal circumstances, all banked overtime shall be cleared off by June 30th, and any banked overtime to an employee's credit before the employee returns to work from vacation. However, should it not be possible to schedule the time off by June 30th, the employee will receive the equivalent wage premium in lieu.

- 10.15 During the course of any year ending June 30, overtime work shall be divided equally, within departments or schools, among employees who are available, willing and capable to do the work. This provision will also apply, insofar as is practicable, to the distribution of extra hours among bus drivers, i.e., extra hours will be those hours in excess of six (6) hours per day.

ARTICLE 11 WAGES AND ALLOWANCES

- 11.10 Wages for all classifications of employees covered by this agreement shall be in accordance with the wage schedules set out in Article 18.
- 11.20 When an employee is appointed or requested by a department head to perform the duties of a position in a higher classification, the employee shall receive the rate of pay for all hours worked at the higher classification. For the purpose of this section, where practical, the senior employee in the next lower classification in the department or school shall fill the position. Any work performed in excess of forty five (45) minutes shall be paid for at the higher rate and under forty five (45) minutes at the lower rate.
- 11.21 Employees engaged in "dirty" work shall receive a premium of fifty (50) cents per hour in addition to regular wages for a minimum of three (3) hours per shift while engaged in such dirty work providing the employee works at least one (1) hour in such dirty conditions.

The parties agree that the issue of what constitutes dirty pay shall be subject to the development of a policy by a committee comprised of two members from the Union and two from management. Until the policy has been completed the employer will continue to pay dirty pay on the basis of past practice.

Painters working in spray booths shall be eligible for this premium.

premium of 10% of his/her regular rate of pay for all days worked in the higher rated excluded position. Upon completion of the assignment, the employee shall return to his/her regular position. An employee may relieve in a higher rated excluded position for a continuous period of up to twelve (12) months. By mutual agreement between the Employer and the Union, the period of time may be extended beyond twelve (12) months.

Where an employee is relieving in an excluded position that is anticipated to be longer than three consecutive months, or if the employee reaches three consecutive months relieving in an excluded position, the employer will notify the Union.

While relieving in an excluded position, the employee will continue to be subject to the terms and conditions of this collective agreement. It is agreed that employees relieving in an excluded position will be restricted from applying further or other disciplinary measures as per Article 7.12.

- 11.24 Statutory holidays falling within a relief period of employment shall be paid for at the rate for the position relieved. Sick leave, vacation pay and paid leave of absence shall be at the relief employee's regular rate of pay.
- 11.30 Caretakers, Attendants and clerical staff who work on split shift, shall be paid, in addition to their regular rate of pay, fifty cents (\$.50) per hour for all hours worked on those days when working a split shift, in lieu of travelling time and mileage allowance.
- 11.40 Caretakers, teacher assistants, and clerical staff employed at more than one (1) school shall be paid, in addition to their regular rate of pay, fifty cents (\$.50) per hour for all hours worked on those days when working at more than one (1) location in lieu of travelling time and mileage allowance.
- 11.50 Employees in positions with less than sixteen (16) hours per week shall receive, each pay period, an additional payment of four percent (4%) of gross regular earnings in lieu of statutory holidays. Upon completion of thirty (30) working days the foregoing employees shall receive, each pay period, an additional payment of ten percent (10%) of gross regular earnings (comprising of six percent (6%) in lieu of sick leave and four percent (4%) in lieu of statutory holidays), in addition to any annual vacation pay to which the employee may be entitled to under Article 14.202.
- 11.60 All employees shall be paid biweekly (every second week) with pay day being every second Friday for the previous two (2) calendar weeks. Payments shall be by electronic transfer funds to direct deposit in the employee's bank account. When pay day is a banking holiday, the deposit shall be made the preceding Thursday. There will be a five (5) day hold back for each employee.

- 11.70 The Board shall pay an average annual rate to cover tool insurance of maintenance personnel as indicated under Tool Insurance.
- 11.71 This rate shall be paid to employees at the end of December each year.
- 11.72 Employees covered under this agreement for tool insurance, shall be those who have been employed in such capacity for a minimum of three (3) months in a one (1) year period from January to December. This minimum period shall not be accumulated from one year to the next.
- 11.73 This section does not cover new construction employees, except members of the Canadian Union of Public Employees, Local 728, working on new construction.

12.12 Probationary employees applying for posted positions shall be entitled to have their days of actual work for the Board considered when evaluating their suitability for the position, although they have no seniority under this Article.

12.13 Seniority shall be accumulated for every day a regular employee is in the service of the Board including:

Upon permanent reassignment to a position within the Union's jurisdiction the conditions of Union membership will apply.
- 12.162 In such instances the employee's total service with the Board will be recognized for all benefit provisions of this agreement, with the exception of seniority rights. Only the employee's service within the bargaining unit (subsequent to excluded staff service) will be considered as seniority except those employees who leave the bargaining unit and return to the bargaining unit before completion of the

12.173 In the event of a layoff at his/her work location, an attendant who has seniority under this Section shall be entitled to replace another attendant in the same classification. Replacement will be effected through the Human Resources Department.

12.174 If a Supervision Aide in a school has a reduction in the number of regular hours of work, the Supervision Aide may bump another Supervision Aide (non-combined position) in the school who has worked less shifts in the district as a Supervision Aide.

12.175 Attendants who attain a regular position shall not be entitled to vacation entitlement, retirement bonus, or sick leave payout from their date of seniority but from the date they started their probation.

12.176 Shifts worked by Attendants since September 1, 1993 shall be used in the calculation of attendant seniority.

12.177 When additional supervision hours are available at a site, they shall be offered to the senior Supervision Aide on site subject to operational requirements.

12.20 Criteria for Making Promotions, Transfers, Demotions and Layoffs

12.21 In making promotions, demotions, and transfers as well as layoffs, the required knowledge, ability and skills for the position as outlined within the appropriate class specification shall be the primary consideration and where two or more applicants are qualified to fill the position applied for, seniority shall be the determining factor.

An employee shall not be eligible for more than three (3) transfers in any twelve (12) month period without the mutual agreement of the parties.

- 12.22 An employee who moves to a position in which he/she has not satisfactorily completed a probationary or trial period must serve a trial period of up to three (3) months to determine suitability in the new position, without loss of seniority or without loss of scheduled rate of pay should the employee return to his/her former position or classification in accordance with 12.24.
- 12.23 An employee who moves to a position in which he/she has previously successfully completed a probationary or trial period will be required to serve an evaluation period of up to but not exceeding one (1) month.
- 12.24 An employee, having requested and been awarded a promotion or transfer, must remain in the new position for thirty (30) working days. If an employee, prior to or inclusive of the thirtieth (30th) working day in the new position, advises the Board in writing that the new position is unsatisfactory, the employee shall be returned to his or her former position without loss of seniority or scheduled rate of pay. If an employee notifies the Board in writing, after thirty (30) working days but prior to completion of the three (3) month trial period, that the position is unsatisfactory, the employee shall be returned to the junior position in his or her former classification, without loss of seniority or scheduled rate of pay.

In the event an employee proves unsatisfactory in the new position during the aforementioned trial period the employee shall be returned to his or her former position without loss of seniority or scheduled rate of pay.

12.25 Student Support Transfers

- 12.251 A Student Support employee in a posted position who requests, in writing, a transfer from their current assignment to a different assignment, may do so once in each period (September - December or January - June).
- 12.252 Upon receipt of such written request the District will place the Student Support employee into an existing unfilled vacancy or into the first available vacancy (in the Student Support employee's classification), for which the Student Support employee is qualified, with the same number of hours.
- 12.253 In the event that the number of Student Support employees requesting transfers exceeds the available vacant positions, then seniority will be the determining factor.
- 12.254 A vacant position filled by way of the above transfers shall then be posted at the first applicable posting for Student Support employees.

12.30 Vacant and/or New Positions

12.310 Vacancies

- 12.3101 When a vacancy occurs or is expected to occur or a new position is created, the Board shall notify the Union and post for the information of all employees the vacancy to be filled at least six (6) working days prior to the closing date for applications. See Letter of Understanding – Online Posting System.
- 12.3102 Regular employees shall be given first opportunity to bid for posted vacancies which come within the scope of the Union's bargaining authority. Probationary employees will be given the opportunity to bid for posted positions where no qualified regular employee applies. It is understood that preference will be given to current employees.
- 12.3103 Although exceptions may be made in extenuating circumstances, employees will not normally be awarded posted vacant positions unless there is a reasonable expectation that they will be able to report for work as required of the vacancy. This provision will not preclude employees who are absent but who will be able to report for work within forty-five (45) calendar days of the posting close, from qualifying for a posted vacancy.
- 12.3104 Assignment of an employee to a specific job posting shall not preclude the Board from temporarily reassigning the employee to other work locations as may occasionally be required to meet the needs of the school district's operation. Such reassignments will not be made for punitive reasons.
- 12.3105 Posted positions shall be assigned not later than ten (10) working days after the closing date for applications.
- 12.3106 Vacant positions may be filled on a temporary basis for a period not exceeding thirty (30) working days prior to a permanent appointment being made.
- 12.3110 Increased Hours
- 12.3111 When the hours of a part-time position are increased the incumbent shall accept the additional hours. Should the incumbent choose, however, he/she may accept reassignment to the spareboard, in which case the position will be posted at the increased hours.
- 12.3112 In the case of Education Assistants, the 'incumbent' will be the Education Assistant who clearly is the primary service provider for a specific student or group of students.
- 12.3113 Where regular Education Assistant hours are added to a school such that these hours do not increase the hours of a part time position of an incumbent as per (12.3111) above, then the additional Education Assistant hours will be offered to the most senior qualified Education Assistant in the program in the school. The most senior qualified Education Assistant must presently have a schedule

that will not be in conflict with the required scheduling of the additional hours so that the additional hours best meet the needs of the applicable student or program. The senior employee's hours of work will be consecutive.

12.312 Decreased Hours

12.3121 When the total clerical or caretaker hours in the work location are decreased the hours of the most junior employee in the lowest-rated position in the work location will be reduced.

12.3122 Employees thus affected may, if they choose, then exercise their rights under the layoff provisions of Article 12.5.

12.313 Upgrading of Positions

In the absence of any specific agreement to the contrary between the Board and the Union, when a position is upgraded to a higher classification it will be posted.

12.314 Postings

Postings shall contain the following information:

Specific position including the job title;
Location (where applicable);
Required qualifications;
The scheduled rate of pay;
Hours of work; and
Program/work area (where applicable).

12.315 Applications

Employees are expected to state their relevant qualifications when applying for a posted position.

12.316 Temporary Postings

Where the Board determines to fill any position which is expected to be vacated for more than thirty (30) working days as a result of an employee's sickness or approved leave of absence, such position will be posted as a temporary vacancy.

12.317 Short Term Facilities Center Vacancies

12.3171 Where there is a vacancy of fewer than thirty (30) working days anticipated in the Thomas G. Ellis Facilities Center for a position other than Foreman (m/f),

the Board will make the vacancy known to Facilities Center employees by means of a memo posted in the Facilities Center.

12.3172 The position will be filled on the third (3rd) working day after the memo has been posted, by the most senior qualified applicant from among those applicants from lower-rated positions who have signed the memo indicating an interest in filling the posted position. The successful applicant will assume the actual duties of the position on the fourth (4th) day after the memo has been posted.

12.318 Returning from a Temporary Assignment

A regular employee who bids for and accepts a temporary posted position shall, upon completion of the assignment, return to his/her regular position.

12.319 Student Support Postings

12.3191 Positions being filled in which the Education Assistant is the primary service provider for a student(s) with a disorder within 1) the autistic spectrum (Autism, Asperger Syndrome, Pervasive Developmental Disorder – Not Otherwise Specified – PDDNOS, Rhett Syndrome, Kanner’s Syndrome) or 2) meeting the criteria for the Ministry funding designation for “physically dependent with multiple needs” (as determined by the Special Education Department) will be posted on the earliest regular posting. The period during which a successful applicant may return to his or her previous position as per Article 12.24 will be thirty (30) working days unless the employee proves unsatisfactory within the trial period in which case the employee will be returned to his or her former positions or unless mutually agreed to by the union and the employer. Save for this, Education Assistants in these positions will remain for at least the remainder of the school year and will not be subject to bumping by other employees during this period. The Special Education Department will review the needs of these particular students annually to see whether monthly postings are appropriate.

12.320 School Closures and New School Openings

Where an existing school is closed, employees working at that location shall be laid off.

Where an existing school is closed, and the students are moved to a new school at the same location, employees shall retain their existing positions providing the positions continue in the new school.

Where an existing school is closed, and the students are moved to a new school but at a different location and the catchment for the school is unchanged,

employees shall retain their existing positions providing the positions continue in the new school.

Where an existing school is closed, and a new school is opened and the catchment for the new school has changed, all positions at the new school shall be considered vacant.

Where the Employer moves the location of a facility other than a school, employees shall retain their existing positions providing the positions continue at the new location.

12.40 Relief, Day-to-Day (Spareboard Assignments/Employees)

12.41 In order to ensure the assignment of spareboard work in a fair and impartial manner and to provide an efficient method of work assignment for the School District there shall be a system composed of five (5) spareboards. Spareboard assignments are defined as relief and day-to-day work normally undertaken by Spareboard employees to:

12.411 relieve employees who are absent due to sickness, leave of absence, or vacation; or to

12.412 augment staff on a day-to-day basis; or to

12.413 work on a special project of limited duration, which shall not exceed thirty (30) working days unless this period is extended by mutual consent, in writing, of both parties.

12.42 Clerical Spareboard - This spareboard shall be used to call out for spareboard assignments those employees generally known as clerical.

12.43 Student Support Spareboard - This spareboard shall be used to call out for spareboard assignments those employees generally known as student support.

12.44 Maintenance/Caretakers/Transport/District Theatre Attendant Spareboard - This spareboard shall be used to call out for spareboard assignments those employees generally known as maintenance, caretakers or transport employees; and to call out for all District Theatre Attendant assignments.

12.441 Attendant Spareboard – this spareboard shall be used to call out for spareboard assignments those employees generally know as attendants.

12.45 District Attendant Spareboard – this spareboard shall be used when filling spareboard assignments for district attendant employees. These spareboard employees will be assigned on a rotational basis from the spareboard list for the

particular location or locations as determined by the Employer. These spareboard employees may request to be listed on any attendant spareboard list the employee chooses.

12.46 Operation of Spareboards- Each spareboard shall operate within the rules laid out below. If there is a dispute as to the application of the rules then the parties agree to meet as soon as possible to try to resolve the difference.

12.461 Spareboard employees shall be reassigned as soon as possible upon the completion of each assignment, unless they are laid off. No notice will be required in the event such employees are laid off.

12.462 Spareboard employees whose assignments are completed, shall not be entitled to "bump" other employees still working in other spareboard assignments except in the event of a general layoff, when regular "bumping" procedures would apply.

12.463 When spareboard employees are required, the assignment will first be offered to the senior employee on the spareboard possessing the qualifications as shown in the appropriate class specification for the assignment.

12.464 A probationary employee's name may be removed from the spareboard list if he/she refuses to accept or acknowledge an offer of an assignment and shall be removed if he/she fails to maintain satisfactory service.

12.465 The responsibility for being able to be contacted to accept assignments rests entirely with the employee.

12.466 Regular employees assigned to the spareboard are expected to maintain satisfactory service, but may decline to accept certain assignments for valid reasons acceptable to the Board. The Board shall not be unreasonable with employees who decline work under this provision.

12.467 Employees serving on the spareboard due to transfer, demotion or "bumping" shall continue benefit entitlement as per Article 13.

12.468 Days not worked by an employee on the spareboard for lack of an assignment will be considered days on unpaid leave of absence and not layoff. Statutory holiday pay for such employees shall be at either the relief rate being paid or the average rate being paid or the average rate earned during the last ten (10) days of the qualifying period as defined in Article 14.10, whichever applies.

12.50 Layoffs

12.51 Layoffs include reductions in posted hours, or in the staff complement of a department or the district as a whole.

12.52 Notice of Layoff

12.521 Employees who are to be laid off from the District will be given layoff notice in writing as follows:

- less than three (3) years of service, ten (10) working days;
- three (3) years of service, fifteen (15) working days;
- four (4) years of service, twenty (20) working days;
- five (5) years of service, twenty-five (25) working days;
- six (6) years of service, thirty (30) working days;
- seven (7) years of service, thirty-five (35) working days;
- eight (8) years or more of service, forty (40) working days

12.522 In the event the above layoff notice is not possible the employees concerned shall receive pay in lieu of such notice equal to the days notice not received.

12.523 Such laid off employees will retain seniority recall rights in accordance with 12.10.

12.524 The layoff notice requirement will not apply:

- to recall assignments of fewer than five (5) working days
- to layoffs from the spareboard; or
where school term employees are not required to work over/during periods of school closures.

12.53 In the event of a layoff:

12.531 The laid off employee may bump the most junior employee working the same or fewer hours in the same classification, providing the junior employee has less overall seniority than the employee who is to be laid off;

12.532 If there is no such employee junior to the laid off employee in the same classification, the laid off employee may bump the junior employee in the classification in which the laid off employee last completed a probationary or trial period, providing the junior employee has less overall seniority and is working the same or fewer hours than the employee who is to be laid off;

12.533 If there is no junior employee to bump in either 12.531 or 12.532 , the laid off employee may bump the junior employee in the classification in which the laid off employee next previously served a probationary period, providing the junior employee has less overall seniority and is working the same or fewer hours than the employee who is to be laid off, or

12.534 If there is no junior employee to bump in either 12.531, 12.532 or 12.533, the laid off employee may go on the spareboard for clerical, student support,

maintenance/caretakers/ transportation, or district attendant whichever is applicable.

12.535 The laid off employee may be laid off from the district.

12.536 Laid off employees shall be given first opportunity for Summer work.

12.54 Where the expression "the same or fewer hours" is used, it is intended that:

12.541 The laid off employee may bump the most junior employee, working the same number of hours, in their classification, providing that employee is junior to the laid off employee, but

12.542 If there is no such junior employee, the laid off employee may then bump the most junior employee working the next fewer hours, providing that employee is junior to the laid off employee.

12.55 A vacancy in a classification will be considered the most junior position for "bumping" purposes.

12.56 Where an employee being laid off exercises his/her seniority in another classification, the change is to come about not later than two working days after the layoff has taken place.

12.57 Effective May 1, 1996, subject to Article 12.14 a position declared redundant shall be deemed to be reinstated if the position is re-established within a eighteen (18) month period and shall be offered to the last incumbent. Thereafter such position would be deemed a "new position" subject to posting.

12.58 Subject to Article 12.14, the most senior laid off employee shall be the first reinstated or rehired.

- 14.2092 By February 15 the Human Resources Department will advise each employee's supervisor whether the employee's requested vacation is confirmed.
- 14.2093 Up to forty weeks of vacation time off will be approved pursuant to this provision. Each employee shall be entitled to two (2) weeks of vacation time off based on employee seniority. If, after the allocation of up to two (2) weeks, all forty (40) weeks have not been allocated then the remaining weeks will be allotted to employees who had requested more than two (2) weeks vacation. This shall be done on a seniority basis until no further weeks are available.
- 14.2094 The Board may agree to let additional employees off pursuant to this clause.
- 14.2095 Employees who receive vacation pursuant to this clause shall be placed on the bottom of the seniority list for the next year's vacation requests.
- 14.210 Notwithstanding 14.206 to 14.2084 preceding, employees employed for the ten (10) month school year, shall be paid vacation pay (that they would normally not be entitled to until the following June 30th) during the Christmas and spring school closures. Notwithstanding the foregoing, employees shall only receive vacation pay for the winter and spring break periods based on the applicable percentage of wages earned during a work period prior to the applicable break. A bus driver may request in writing that vacation monies earned prior to the applicable break that exceed the paid vacation hours being paid for the break, also be paid.
- After spring school closure any vacation pay accrued shall be paid out on each bi-weekly pay until the last pay period of the school year.
- 14.211 If on account of emergency conditions, the Board requires an employee to change an approved vacation period, the employee will receive one week of vacation pay in addition to his regular entitlement.

- 14.213 An employee with a minimum entitlement of fifteen (15) days vacation may request to carry over five (5) days to the next fiscal year.

14.31 In the first year of employment employees will be required to take vacation time at least equal to one day for each month of service to a maximum of fifteen (15) days, as provided in the agreement.

14.32 Where employees who have more than one year's service have not earned vacation pay equal to the value of vacations for which they qualify, such employees may elect to reduce their number of vacation days to a number of days equal to the value of their earned vacation pay, providing:

14.321 Employees must take at least ten day's vacation, and

14.322 Employees who wish to take a reduced number of vacation days pursuant to this arrangement must make written application to their supervisor at least one month before the scheduled start of their vacation.

ARTICLE 15 LEAVES

15.10 Sick Leave

15.11 Sick leave is intended to provide employees with a degree of protection against income loss which would otherwise result because of sickness or noncompensable accident, and is payable for this purpose in accordance with the terms of this section. Employees are entitled to sick leave, as specifically provided hereafter, after thirty (30) cumulative working days service.

A doctor's certificate may be required.

Except as provided in 13.110, all sick leave credits are cancelled upon leaving the service of the Board.

15.12 Sick Leave will be credited each pay cycle, in proportion to regular hours worked, to each employee's own sick leave account where:

- The employee has completed thirty (30) cumulative working days service;
- The employee is not receiving additional pay in lieu of benefits pursuant to Articles 11.50 and 15.14; and
- For the purposes of sick leave credit, time worked will include hours for which an employee is in receipt of Workers' Compensation for injuries incurred while in the employ of the Board and hours for which an employee is paid sick leave from his/her accumulated sick leave account, and hours which a school term (10 month) employee would have worked had he/she not been laid off because of school closure for the summer break.

- 15.121 The sick leave credit for 12 month employees is based on an entitlement of 7.69231% of regular hours worked. The sick leave credit for school term (10 month) employees is based on an entitlement of 9.7561% of regular hours worked.
- 15.122 The pay statement for each pay cycle will set out an employee's sick leave account balance.
- 15.123 A proportion of the sick leave credit to each employee will be transferred to a sick leave bank established pursuant to 15.13 following. The proportion of sick leave credit to be transferred to the sick leave bank will be set by the Union by advising the Board, in writing, but will not be changed more often than twice annually, effective the beginning of the biweekly pay period commencing closest to January 1st and July 1st.

The remainder of an employee's sick leave credit after the transfer to the sick leave bank will be assigned to the employee's own sick leave account up to a maximum total accumulated sick leave account equal to one hundred fifty (150) days at the employee's regular hours.

No further sick leave will be credited to an employee, transferred to the sick leave account or assigned to his/her credit once the employee reaches maximum accumulation of one hundred fifty (150) days at regular hours.

- 15.13 The Board will maintain and the union will administer a sick leave bank, which shall be funded by transfers from the regular sick leave credit to employees each pay cycle pursuant to 15.12 preceding.

When an employee has exhausted his/her sick leave accumulation the Union may requisition a specified number of Sick Leave Bank days to be paid to the employee. The Board shall then pay the employee such requisitioned days, from the Sick Leave Bank at the rate of eighty (80) percent of the employee's regular rate of pay, and reduce the Sick Leave Bank balance accordingly.

By June 1st and December 1st each year, the Board will advise the Union of the Sick Leave Bank balance.

- 15.14 Regular part-time employees working fewer than sixteen (16) hours per week, will not be eligible for sick leave pursuant to this section, but will receive 6% of their gross regular earnings each pay period as provided in Article 11.50 in lieu of sick leave. Notwithstanding the foregoing, such employees during an absence, on a regularly scheduled work day, due to illness or non-occupational injury, may receive pay from previously earned and not utilized sick leave credits.

15.15 School term employees may apply to the Human Resources Department for sick leave during periods of school closure, but sick leave will not normally be paid for periods of sickness of less than five (5) working days. The Human Resources Department, shall determine the disposition of all such applications for sick leave on the basis of the merits and circumstances of each application and on such criteria as might be determined from time to time by the Board and the Union. The Union may challenge the decision of the Human Resources Department on any such application for leave, in which case the decision shall be made jointly by a designated representative of the Board and a designated representative of the Union. In the event that the representatives are unable to agree on any such question, the matter may be subject to the grievance procedure.

15.16 When relief, spare board or day-to-day employees with more than thirty (30) cumulative working days service are required to book off work because of illness they will be entitled to claim sick leave as long as work is available. Payment will be made at the basic rate for the number of daily hours required of the position the employee was filling at the time of illness.

Relief, spare board or day-to-day employees, not eligible for sick leave under the foregoing provision, will not normally be eligible to claim sick leave if they are unable to accept an offer of work because of illness.

15.17 Where an employee is paid his/her wages and benefits by the Board while absent from employment by reason of a disability other than one or which the employee would be entitled to receive Workers' Compensation pension and/or benefits, or military pension and/or benefits and the employee subsequently recovers by way of court action or settlement of an insurance claim, such wages and benefits or any part thereof, then the employee shall pay the amount so recovered to the Board (to a maximum of the value of the wages less applicable legal costs). Upon the Board receiving such an amount, it shall credit the employee with the number of days of such leave proportionate to the amount of money so recovered. It is understood that the amount paid to the Board shall also be used to repay the Sick Leave Bank proportionate to the total time absent.

15.20 WCB (WorkSafe BC) Leave

15.21 The purpose of this provision is to expedite the payment of Workers' Compensation payments; and to minimize disruptions in earnings, pensionable service and benefit coverage for employees on WCB so long as such employees have sick leave to their credit.

15.22 All WCB payments will made directly to the Board. The Board will turn these monies over to employees in accordance with the provisions of this section. All such monies will be coded for identification as WCB payments.

- 15.23 When an employee who has sick leave to his or her credit goes on compensation the Board will continue to pay the employee the equivalent of full salary by "topping up" the employee's WCB cheque up to the level of regular salary, from the employee's sick leave credits. The employee, however, may choose to have the Board not "top up" the employee's WCB cheque provided the employee has exercised this choice, in writing, prior to the date at which the particular payroll work related to the first affected pay period, has been completed. The employee's choice will not be subsequently changed. Regular coverage under benefit plans will be maintained under these circumstances.
- 15.24 When the sick leave credits for an employee on WCB are exhausted the employee will receive only those monies and benefits provided by WCB.
- 15.30 Union Leave - Short Term
- 15.31 With prior notification, approval shall be granted for up to ten (10) official representatives of the Union to attend Union conventions (subject to normal operational requirements). Such leave shall be granted, without pay and shall not be unreasonably denied.

- 15.50 Compassionate or Bereavement Leave
- 15.511 The purpose of bereavement leave is to provide regular employees with reasonable protection against loss of pay that would otherwise be incurred as a result of leave required because of a death in the employee's immediate family.
- 15.512 Immediate family shall be deemed to include spouse, or equivalent, child, parent or legal guardian, spouse's parents or legal guardian, son-in-law, daughter-in-law, brother, sister, brother-in-law, sister-in-law, grandchild or grandparent.

- 15.513 An employee may be permitted to utilize bereavement leave entitlement in order to travel outside of the Greater Vancouver area to visit a terminally ill immediate family member listed in 15.512. Such days used shall be deducted from the provision for the purpose of bereavement leave upon the death of the immediate family member.
- 15.52 Where a regular employee is required to take leave because of a death in the immediate family, three (3) days will be granted without loss of pay if the funeral is to be held in the Lower Mainland, Fraser Valley (Hope), north to Squamish, or on Vancouver Island.
- 15.53 Four (4) days will be granted without loss of pay if the funeral is held anywhere else in North America.

- 15.631 For leaves granted for one (1) year or less the employee shall return to their previous assignment.
- 15.632 For leaves longer than one (1) year and up to two (2) years the employee will return to the spareboard or a comparable assignment if no spareboard exists.

The School Board and the Union will then discuss what measures should be taken to address such technological change, including training for existing employees. If the School Board and the Union are unable to reach agreement on the application of this Section, the dispute will be referred to the grievance and arbitration procedures under this collective agreement. In such arbitration, emphasis will be given to an assessment as to whether the School Board's proposals to address the change are reasonable in the circumstances.

LETTER OF UNDERSTANDING

**HOURS OF WORK FOR STUDENT SUPPORT, ATTENDANTS
(CONTINUING EDUCATION), AND CLERICAL EMPLOYEES**

1. The School Board and the Union agree to the establishment of a joint committee which will meet no less frequently than quarterly to discuss the possibility of combining the hours of work of part-time teacher assistants, attendants (continuing education) and clerical positions into full-time positions.
2. The parties will consider such factors as the stability of the hours of work of the various part-time positions, the compatibility and logistics of combining part-time positions, the impact on students and on programs, etc.
3. If the Union requests the creation of a full-time position pursuant to this letter of understanding, such request will not be unreasonably denied.

LETTER OF INTENT

If an employee feels that he or she has been treated differently than another employee(s) by his or her supervisor without a reason or for reasons prohibited by Article 8.100 (No discrimination), the employee should request the reason(s) of the supervisor.

In the event that the employee does not receive reasons for the different treatment the employee may refer the matter to the Associate Superintendent of Human Resources or his/her designate for a review with a subsequent explanation to the employee and to the Union President or his/her designate. Reasons related to another employee's personal confidences will remain confidential.

Nothing in this letter prevents the employee from grieving a violation of the collective agreement.

CANADIAN UNION OF PUBLIC EMPLOYEES, LOCAL 728
(Hereinafter referred to as "the Union")

Re: Shift Trades in Maintenance

The Employer is prepared to introduce on a trial basis, for the life of the renewed collective agreement with commencement on the date of ratification, a procedure for the trading of shifts within maintenance.

Requests for trading of shifts must be made a minimum of twenty-four (24) hours in advance. A request will only be considered if it is from two employees working on the same day. Management must approve all shift trades. Approval for the trading of shifts shall be at the discretion of management. Requests shall not be unreasonably denied.

The trading of shifts must not result in any additional costs to the Employer.

Employees requesting to trade shifts must be in the same classification and must be fully qualified to perform each other's duties.

TEACHER ASSISTANTS

1. Increase in Hours (Article 12(3)(b))

Increased Hours

- (i) When the hours of a part-time position are increased, the incumbent shall accept the additional hours. Should the incumbent choose, however, he/she may accept reassignment to the spareboard, in which case the position will be posted at the increased hours.
- (ii) In the case of teacher assistants the ‘incumbent’ will be the teacher assistant who clearly is the primary service provider for a specific student or group of students.
- (iii) Where regular teacher assistant hours are added to a school such that these hours do not increase the hours of a part time position of an incumbent as per (I) above, then the additional teacher assistant hours will be offered to the most senior qualified teacher assistant in the program in the school. The most senior qualified teacher assistant must presently have a schedule that will not be in conflict with the required scheduling of the additional hours so that the additional hours best meet the needs of the applicable student or program. The senior employee’s hours of work will be consecutive.

2. Teacher Assistant Postings (Article 12, Section 3 (k))

(a)(ii) Positions being filled in which the TA is the primary service provider for a student(s) with a disorder within 1) the autistic spectrum (Autism, Asperger Syndrome, Pervasive Developmental Disorder – Not Otherwise Specified – PDDNOS, Rhett Syndrome, Kanner’s Syndrome) or 2) meeting the criteria for the Ministry funding designation for “physically dependent with multiple needs” (as determined by the Special Education Department) will be posted on the earliest regular posting. The period during which a successful applicant may return to his or her previous position as per Article 12(2)(d) will be *thirty (30)* working days unless the employee proves unsatisfactory within the trial period in which case the employee will be returned to his or her former positions or unless mutually agreed to by the union and the employer. Save for this, the TA in these positions will remain for at least the remainder of the school year and will not be subject to bumping by other employees during this period. The Special Education Department will review the needs of these particular students annually to see whether monthly postings are appropriate.

3. Maximization of Hours

- (i) The needs of students and programs are paramount in the determination of the number of hours of work for teacher assistant positions. Where a member of the

Union, or the Union, has the view that the hours of work of positions can be combined without adversely affecting the service to student(s) or program delivery, then the matter will be raised with the principal of the applicable school by the Union. A meeting will be held and if there remains a difference of opinion with regard to the combination of positions, it will be referred to the joint Board-Teacher Assistant Liaison Committee. A Union request to combine positions will not be unreasonably denied and will not result in an increase in paid hours.

- (ii) Prior to the expiration of the first week of July, up to two (2) representatives of the parties will meet, without loss of pay, to review and discuss the Position Identification Forms for teacher assistants and consider the appropriateness of combining positions.

Note: intent is to replicate meeting and process that took place when union representatives met with Tannis in June).

4. Scheduling of Teacher Assistant Hours of Work

The Employer agrees that once the total number of hours of teacher assistant time at a school have been established, the administrative officer of the school, the teacher affected and the teacher assistants will determine the most effective scheduling of assigned hours in order to meet the needs of the students. In the event of a disagreement on the scheduling of hours the administrative officer will decide the schedule.

BOARD-TEACHER ASSISTANT LIAISON COMMITTEE

The Parties agree to establish a joint committee of three (3) members each that will meet no less than quarterly to discuss relevant issues of interest to both parties.

PAY EQUITY

Postings – employees on staff on 25 November 1999, will be eligible, for a period of two (2) years after the implementation of the pay equity program, to post to vacant positions based on the required knowledge, ability and skills in place on 25 November 1999 for the applicable position.

Bumping Rights. Employees on staff as of the 25th of November whose title or classification is changed as a result of the implementation of the pay equity program will have bumping rights, as defined in Article 12, Section 5, based on the required knowledge, ability and skills in place on November 25, 1999 for the applicable position.

There will be a fund of \$25,000 available to employees to use for release time and/or course fees to allow employees to upgrade to meet the required knowledge, abilities and skills in the pay equity class specifications which they would, in the past, have been able to post into without these qualifications. This fund will be administered jointly by the Parties.

LETTER OF UNDERSTANDING

EA ASSIGNMENTS, POSTINGS, BUMPING AND LAYOFFS

1. In the event that any provision contained in this article conflicts with any other provision in the collective agreement, the provision in this article shall apply.
2. Each EA position will be either a school-based EA position or a child-specific position.
3. a) Each EA in a regular position as of the first day of school shall be entitled, for the period up to the following June 30th, to maintain at least their regular weekly pay in ways provided for herein unless the EA accepts and agrees to fewer hours of work. During the school year, all EAs not in regular positions as of the first day of school will be considered spareboard EAs. This maintenance of regular weekly pay does not apply to spareboard employees.
 - b) Article 12.50, Layoffs does not apply to EAs during the school year and article 12.316, Temporary Postings, will not apply to EA positions during the school year.
 - c) An EA in a regular position where there is a reduction in the EA's regular hours of work may choose to:
 - i) have the Board maintain at least her/his regular weekly pay up to the following June 30th,
 - ii) assume a school-based EA position in the school consistent with 6 herein,
 - iii) assume the position with lesser hours on an ongoing basis,
 - iv) assume the position with lesser hours on a temporary basis or,
 - v) revert to the spareboard on a relief or day-to-day basis.

An EA who chooses i), iv) or v) will have the right to bump the following August based on his/her regular hours of work prior to the reduction of hours unless the EA obtains a position through the June posting process. An EA who chooses iv) and remains at his/her school and subsequently attains hours up to the quantity that were reduced will have the option to return to their regular EA status, covered by 3a), prior to their reduction in hours.

4. If an EA in a regular position chooses 3(c)i) above, the Board may maintain the EA's regular weekly pay by placing the EA in a spareboard assignment(s). A spareboard assignment made pursuant to this article is independent of, and takes precedence over, the normal spareboard provisions provided for in article 12.40.
5. An EA position may be designated as a child-specific position by Student Support Services. Prior to making the designation, there will be an individual assessment of the educational, emotional, medical, communication and safety needs of the particular student as well as the need for EA continuity due to the specialized EA training for the student. This assessment will be done annually.
6. In the event that the regular hours of work for an EA covered by 3a) herein are reduced during or at the end of the school year, then the EA will be given the opportunity to assume any school-based EA position in the school, where the hours of the position are the same or fewer, provided the EA has the required qualifications for the position and has greater overall seniority than the EA in the position or, in the alternative, opt for one of the options noted in 3c) above.

An EA who assumes another position in the school, with fewer hours pursuant to this sub section will be considered to have accepted the fewer regular hours of work.

7. a) Nothing in this agreement will preclude the Board and the Union from agreeing, when appropriate circumstances exist, to transfer an EA from a regular position to another position or assignment.
 - b) During the school year, an EA in a regular EA position may agree to be assigned to another regular EA position in the school without 3a) above being activated.
 - c) In the event that a student receives service from a child-specific EA and the student transfers to another location, the EA may, provided the EA agrees, move with the student until the end of the school year or exercise their options pursuant to Section 3c) above. Should the EA position continue for the next school year, it will be posted pursuant to 11 below.
 - d) In the event that a student was receiving school-based EA service and is then assigned a child-specific EA during the school year, the school-based EA who primarily provided the service to the student may be reassigned, on a temporary basis, for the remainder of the school year, as the child-specific EA if the EA has required qualifications.
8. Subject to 3, 4, 6 and 7 above, new temporary or regular EA vacancies which are filled on or after the first day of school will be filled by placing qualified spareboard EAs in those vacancies as provided for in article 12.463.
 9. An EA who successfully posts into a non-EA position during the school year may return to an EA position by:

- a) successfully posting into a position through the June posting or
 - b) reverting to the EA spareboard if there is an availability or, failing that, by bumping the most junior spareboard EA not in a regular position, if the EA has sufficient seniority.
- 10 a) Adding regular EA hours of work will be done so that the additional hours best meet the needs of the applicable student(s) or program. Additional regular hours of work which are a logical extension of an existing EA position will be given to the part-time incumbent. Subject to the preceding, additional regular hours will be offered to the most senior EA in a regular position where the hours of work are consecutive, no scheduling conflict exists and where the EA is qualified for the position.
- b) If the incumbent is in a school-based EA position and does not accept the additional hours, he/she may accept reassignment to the spareboard, in which case the position will be filled on a temporary basis by a spareboard employee and posted in June.
 - c) An EA in a child-specific position will assume additional regular hours if the expectation of increased hours is reflected in the posting.
- 11a) When a school-based EA's regular hours of work are anticipated to be reduced for the following school year, the EA may i) accept the reduced hours or ii) bump first within the school consistent with the process provided for in Article 12.53.
- b) The Principal/VP shall advise all EAs, after the assigned hours have been received at the school, the available positions at the school for the following September. The Principal/VP will consider seniority and preference in the assigning of positions but the final determination of positions shall be made by the Principal/VP.
 - c) By no later than the fifth working day prior to the last school day in June, each school will publish electronically on its First Class (or substitute) conference, the names of all EAs in regular positions, with their anticipated regular hours of work for the following school year, at their site.

The Human Resources Department will advise on its First Class (or substitute) Human Resources Support Staff Conference and on the June posting, in general terms of the date and the posting and bumping procedures.

- d) At least four days prior to the last day of school in June, the Human Resources department will publish, electronically on its Human Resources Support Staff Conference, a posting bulletin of all known EA positions available for the next school year. The date, time and location of the "Posting" meeting will be indicated in the posting bulletin. A hard copy will be available at all EA work sites and the Human Resources department. EA

employees on long term illness, maternity or WCB leave will be notified by letter on how to obtain the posting bulletin.

- e) The posting bulletin will include the following vacancies that are expected to continue the next school year:
 - i) all regular EA vacancies not filled by the end of the preceding August bumping process, but which are then filled during the school year by spareboard EAs,
 - ii) all EA school-based positions which were increased five hours per week or more during the school year, (and will continue as such for the next school year).
 - iii) all child-specific EA positions as a result of students moving to another location during the year,
 - iv) all EA positions filled on a temporary basis during the year
 - v) all new EA vacancies.

A child-specific EA position where the increase in the regular hours were reflected in the posting bulletin consistent with subsection 10c) will not be posted.

- f) During the June administrative day (the last day of school) a meeting will be held of all EAs wishing to bid for an available EA vacancy. Non EAs wishing to apply for one or more of the available EA positions will submit a written application to the Human Resources department by 1:30 p.m. the day before the posting meeting. EAs attending the meeting will have no loss of pay for the time spent at the meeting and no EA attending the meeting will be paid for time not scheduled for work on that day.
- g) Posted vacancies will be awarded on the day of the meeting to the extent possible. The successful applicant for a vacancy will be the most senior qualified applicant applying for the position. An EA may exercise her/his posting rights personally, through a representative (with written authorization) or by requesting Human Resources, in writing, to act on behalf of the EA in a manner requested by the EA.
- h) An EA who chooses 3c i), iv) or v) will have the right to bump the following August based on his/her regular hours of work prior to the reduction of hours unless the EA obtains a position through the June posting process.
- i) If the anticipated regular hours of work for the following school year were reduced for an EA and
 - i) the EA did not accept the reduced hours or

ii) the EA did not bump within the school

then, if the EA does not successfully post for a position in June, the EA must advise the Human Resources department, no later than by the end of the meeting, as to whether they are going to take the position with the anticipated reduced hours or whether they will participate in the bumping meeting based on his or her regular hours of work prior to the anticipated reduction of hours. Failure to do so will result in the EA retaining their position with the reduced hours.

j) EA positions will be posted either as child-specific or school based positions.

The child-specific position posting will indicate a behaviour and self-help description of the student and a needs intensity rating. These descriptions could change over time.

The school-based position will include the general nature of the assignment. The nature of the assignment could subsequently change over time as circumstances in the school warrant.

12a) There will be a general “bumping” meeting open to all laid off EAs who are eligible to bump. All such EAs will be advised by publication on the Human Resources Support Staff Conference of the time and location of the bumping meeting which will take place on the second to last Monday before Labour Day. All EA position vacancies will be available to EAs eligible to bump. The bumping process will be consistent with that provided for in Article 12.53.

b) The day following the bumping meeting Human Resources staff will commence placing EAs, who were bumped as a result of the bumping meeting, in a vacancy or position which provides the EA with the greatest number of regular hours of work consistent with the process outlined in Article 12.53. If an EA prefers to revert to the spareboard instead, the EA may do so provided that written advice is given to Human Resources no later than the end of the first week of school and the EA has sufficient seniority in which case the EA will not be covered by 3a) herein.

c) An EA, who has obtained a regular EA position that fails to exist by the end of the day on Wednesday in the second week of school, will be eligible for EA vacancies in order of seniority if qualified. The EA will be eligible for any vacancy and, if successful, shall obtain the position on a temporary basis ending the school year.

On the Thursday of the second week of school, the Human Resources Department will begin calling all eligible EAs, in seniority order. Eligible EAs will be offered all known vacancies at the time.

Eligible EAs are not obliged to participate in the above process and if they do not participate will continue to be covered by Section 3 of this agreement.

If an eligible EA enters the process and opts for a position with the same hours then they will continue to be covered by Section 3 of this agreement.

If an eligible EA opts for a position with fewer hours, then Section 3 and 6 of this letter will not apply to the EA except that they will be allowed to bump at the bumping meeting at the hours of their previously assigned position. They will also be guaranteed the fewer hours until the end of the school year.

MEMORANDUM OF AGREEMENT

between

SCHOOL DISTRICT No. 36 (Surrey)
(hereinafter referred to as the Employer)

and

CUPE – LOCAL 728
(hereinafter referred to as the Union)

Re: Sick Leave Benefits, Sick Leave Bank Benefits and Long Term Disability (LTD) Benefits

1. The parties have negotiated sick leave provisions which include personal sick leave and a Sick Bank which provides benefits for eligible employees for one (1) year following the termination of personal sick leave (Article 15 of the collective agreement).
2. The Public Education Benefits Trust (PEBT) provides a provincially funded long term disability plan (LTD Plan) that became effective November 1, 2006 and is referenced in the Long Term Disability and Joint Early Intervention section of Appendix D of the collective agreement. Benefits in this plan are paid to eligible employees after a one hundred and twenty (120) day elimination period.
3. The parties have agreed that the integration of the sick leave and sick bank plan and the LTD plan will not result in any extra cost for the employer and if savings are generated, they will be returned to the Union and its members to be distributed in a manner to be mutually agreed by the parties.
4. The LTD Plan provides benefits to eligible employees after an elimination period of 120 calendar days. An employee on sick leave and eligible to receive sick leave benefits will receive sick leave benefits during the elimination period of the LTD Plan. School term (ten (10) month) employees will not receive sick leave benefits during periods of school closure.
5. During the period that an eligible employee is in receipt of LTD benefits, sick leave benefits will not be paid and therefore not deducted from the employee's sick leave entitlement. During the period that an eligible employee is in receipt of LTD benefits, Sick Leave Bank benefits will not be paid.
6. Employees eligible to receive Sick Leave Bank benefits (i.e. regular employees working a minimum of sixteen (16) hours per week and who have completed two (2) years of regular service) and do not have sufficient sick leave credits to cover the elimination period of 120 days, shall be eligible to receive benefits from the Sick Leave Bank until the completion of the elimination period. Hereinafter referred to as "Elimination Period Sick Leave Bank benefits." Such benefits shall be equal to 80% of their regular rate of

- pay. School term (ten (10) month) employees will not receive Elimination Period Sick Leave Bank benefits during periods of school closure.
7. During the first year of receipt of LTD benefits, employees eligible to receive Sick Leave Bank benefits (i.e. regular employees working a minimum of sixteen (16) hours per week and who have completed two (2) years of regular service), shall accrue vacation entitlement equivalent to the amount accrued if the employee was in receipt of benefits from the Sick Leave Bank. An employee will not be eligible to utilize the foregoing vacation entitlement until her/his return to active service.
 - For a school term (ten (10) month) employee, annual vacation balance remaining on the 1st day of school in September following the employee's return to active service shall be paid to the employee as a lump sum.
 - For a twelve (12) month employee, on June 30 following the employee's return to active service, the employee's accrued vacation balance is subject to article 14.213 and any vacation in excess shall be paid to the employee as a lump sum.
 - An employee who does not return to active service shall be paid his/her vacation entitlement upon retirement or resignation.
 8. Employees eligible to receive Core LTD benefits shall be enrolled in the following plan hereinafter referred to as the "top-up plan." The top-up plan will provide eligible employees in receipt of the Core LTD benefits of 60% of pre-disability earnings with a top-up to 70% of pre-disability earnings. The full costs of the top-up plan will be funded from the Sick Leave Bank. The top-up plan will be administered by the third party selected by the PEBT to administer the Core LTD Plan. The cost of the top-up plan will be determined in negotiation with the provider.
 9. Employees eligible to receive Sick Leave Bank benefits (i.e. regular employees working a minimum of sixteen (16) hours per week and who have completed two (2) years of regular service) will be eligible for waiver of EHB, Dental, EFAP, ~~ADD~~ and MSP premiums while in receipt of LTD benefits. During the first year that an employee is in receipt of Core LTD benefits 20% of the cost of the waiver of premiums will be funded from the Sick Leave Bank. For subsequent years during which the employee is in receipt of Core LTD benefits, the full cost of the waiver of premiums will be funded from the Sick Leave Bank. The premium costs will be based on the invoices received from the carriers.
 10. The Parties will determine the proportion of hours of the sick leave credit to each employee that will be transferred to the Sick Leave Bank to fund the plans identified in this agreement. The calculation of the monetary value of the hours transferred to the Sick Leave Bank will be done by the Employer and will be based on the weighted average of the hourly rate of all employees eligible to receive Sick Leave Bank benefits. The weighted average shall be calculated annually on July 1 applying the methodology used to determine the rate in the actuarial evaluation done by Morneau Sobeco in October 2007.
 11. The parties will meet annually to review the costs of the benefits funded by the Sick Leave Bank (i.e. Elimination Period Sick Leave Bank benefits, top-up plan and waiver of benefit premiums). The parties will ensure that the costs of the foregoing in total do not exceed the cost of the Sick Leave Bank as was determined by the actuary (i.e. \$941,468

per annum). The amount of \$941,468 per annum will be increased/decreased due to a change in staffing and/or to the average hourly rate utilized in the actuarial evaluation done by Morneau Sobeco in October 2007. The savings referred to in #3 of this document shall be the difference between the cost of the Sick Leave Bank (as determined by the actuary) and the cost of the benefits funded by the Sick Leave Bank.

12. This Memorandum of Agreement shall become effective September 1, 2009. Employees in receipt of Sick Leave Bank benefits prior to September 1, 2009, shall continue to receive Sick Leave Bank benefits under the previous eligibility rules for the duration of the absence.
13. The first year that an eligible employee receives LTD benefits will count as one (1) year of service for the provisions of Article 13.120.
14. Should a major change occur to the Core LTD benefits (i.e. a reduction in the current Core LTD benefits of 60% or the Municipal Pension Plan ceases to recognize the Core LTD Plan as an approved plan) this Memorandum of Agreement will no longer be in force and effect unless the parties mutually agree otherwise. If the parties do not agree to maintain this Memorandum of Agreement in effect it shall be null and void and the administration of the Sick Leave Bank shall revert to the practice in effect prior to this Memorandum of Agreement.
15. This agreement is subject to the ratification of the Board of Education, School District No. 36 (Surrey) and CUPE Local 728, and the approval of the British Columbia School Employers' Association (BCPSEA).

In extenuating circumstances where a part-time employee is required to work beyond the normal scheduled hours of work the employee may choose:

- a) to receive in pay the additional time worked or;
- b) where the part-time employee and the supervisor concerned agree in advance to time off in lieu of extra straight time hours, the employee **may bank the extra hours** and will be entitled to the value of those hours in paid time off

In situations where the employee and the supervisor do not have the opportunity to agree in advance that extra time is required, the employee may request after working the extra time that the extra time worked be banked or paid out. Such requests will not be unreasonably denied.

The time off in lieu will be at a mutually acceptable time that is convenient to the needs of the department; and the employees will file a request with their supervisor to take such time off at least two (2) weeks before the time off is desired or an agreed upon time between the parties. Under normal circumstances, all banked time shall be cleared off by June 30th, and any banked time to an employee's credit before the employee returns to work from vacation. However, should it not be possible to schedule the time off by June 30th, the employee will receive the equivalent wage in lieu.

Re: 10 Month Vacation Payout

The parties agree to establish a joint working committee to review the feasibility of offering 10 month employees the ability to opt out of the current vacation payout process after Spring Break (as outlined in Article 14.210, second paragraph), as follows:

Step 1 – Committee Review

The committee shall consist of up to three (3) representatives from the Union and three (3) representatives of the District who will be responsible to determine:

- the implications on pension, EI benefits or other benefit provisions
- the operational payroll issues, including software modifications, payroll calendar issues and payroll processing issues
- any other impact not considered above

The Committee's review shall be completed within four (4) months following the date of ratification of the collective agreement.

Step 2 – Communicating with Employees

Following completion of the review, the parties will issue a joint communique to all 10 month employees explaining the implications of opting out of the provisions of Article 14.210 (second paragraph).

After reviewing the information provided employees will be required to select either to continue the current vacation payout process (paid biweekly following Spring Break) or participate in the trial to have their vacation paid out over the summer (biweekly following the last pay period in June).

The Committee will review employee selections to ensure that a minimum of 10% of all 10-month employees are interested in participating in the vacation payout trial before moving to Step-3 below. Should fewer than 10% of all 10-month employees be interested, it is agreed that the trial will not commence and the Committee's work will come to an end.

Step 3 – Activating the Trial

The trial period will operate from February 1 up to the last Friday before Labour Day in either the 2013/14 school year or the 2014/15 school year.

Following completion of the trial, the provisions of Article 14.210 will apply, unless the parties mutually agree to continue all or parts of the letter.

It is understood that if the parties agree to continue all parts of this letter that current employees will be eligible to make one further selection to opt out of or opt into the summer vacation payout during the course of their employment with the District. New employees will be required to choose their vacation pay out option upon hire and will be eligible to make one further selection during the course of their employment with the District.

Re: Summer Hours

The parties agree to establish summer hours (7:30am to 3:30pm) on a trial basis in the Janitorial department. Such trial will be in effect from July 2, 2014 up to and including August 22, 2014. It is further agreed that where an operational need changes, an employee who has commenced the summer trial hours (7:30am to 3:30pm) at a particular work site will be required to revert to the standard summer hours of 8am to 4pm.

Future summer hours (those outside of the standard 8:00am to 4:00pm shift) will be based on a joint review of the operational impacts experienced during this trial and will require the Employer's express agreement. The operational impacts will be reviewed at the Custodial Workload Committee.

- (1) School District No. 36 (Surrey) recognizes the opportunity for apprenticeship training to take place in the following trades:
 - (a) Painting/Decorating
 - (b) Roofing, Damp and Water Proofing
 - (c) Benchwork/Joinery
- (2) As expertise may change and permit further/other apprenticeship opportunities or invite changes in 1(a) - (c) above, it is also recognized that either the Union or the Board may reapply to the Apprenticeship Training Program Branch for recognition or alteration of trades/programs training.
- (3) Given the current instability in the labour market, it is agreed that no apprentices would be hired to work for School District No. 36 (Surrey) in any trade in which there are laid off tradesmen either still employed in other classification with the district or still on layoff with recall rights as specified under the 1983 collective agreement.

APPRENTICESHIP TRAINING PLAN
Between
SCHOOL DISTRICT #36 (SURREY)
and
CANADIAN UNION OF PUBLIC EMPLOYEES (CUPE)
LOCAL 728

The following Memorandum of Agreement dated November 5th, 1984 is entered into between the Employer and the Union to establish an Apprenticeship Training Plan (ATP) in the district and is to become part of the collective agreement marked "Appendix C".

PURPOSE

School District #36 (Surrey) and the Canadian Union of Public Employees (CUPE) Local 728 do hereby agree to enter into an Apprenticeship Training Plan (ATP) as defined and described hereafter.

Purposes of the ATP are as follows:

1. To provide on-the-job training for employees as apprentices in trades in which there are expected to be vacancies or new positions created by the end of the apprenticeship training period;

2. to provide current employees of the district in Trades Helper and other semi-skilled categories an opportunity to upgrade their skills to become journeymen;
3. to provide the potential opportunity for students of the school district to obtain trades qualification through employment with the district after graduation;
4. to provide the Board with superior quality employees while at the same time protecting the rights and prerogatives of Union members;
5. to do away with the need in future for the Board to hire any more Trades Helpers, in favour of either journeymen or apprentices.

It is recognized that some unforeseen problems may arise in respect to this first Apprenticeship Training Program. Therefore, it is agreed that such problems shall be discussed between the Union and the Employer with a view to the settlement of the problems to the mutual satisfaction of both parties.

CONDITIONS OF APPRENTICESHIP OPPORTUNITIES

1. School District #36 (Surrey) recognizes the opportunity for apprenticeship training to take place in the following trades:
 - (a) Painting/Decorating
 - (b) Roofing, Damp and Waterproofing
 - (c) Benchwork/Joinery
2. As expertise may change and permit further/other apprenticeship opportunities or invite changes in (a - c) above, it is also recognized that either the Union or the Board may reapply to the Apprenticeship Training Program Branch for recognition or alteration of trades/programs training.
3. Given the uncertainty in the labour market as at the signing date of this agreement, it is agreed that no apprentices be hired to work for the Board in any trade in which there are laid-off tradesmen either still employed in other classifications with the district or still on layoff with recall rights as specified under the collective agreement.

STRUCTURE

Section 1

- The Board will ensure that apprentices be given the necessary on-the-job practical training;

- Entrance to any apprenticeship will be subject to the applicant meeting the standards required for acceptance by the Apprenticeship and Industrial Training Branch.
- This agreement and contracts of apprenticeship entered into pursuant to this agreement shall be governed by the provisions of the Apprenticeship Act.
- No provision of this agreement shall infringe upon or limit the Employer's right to hire, discharge or layoff employees as circumstances warrant;
- Every apprentice shall be bound by all the provisions of the collective agreement prevailing between the Employer and the Union;
- All vacancies for new apprentice positions shall be posted and filled in accordance with the provisions of the collective agreement.

QUALIFICATIONS

Section II

1. Each of the employees listed in Schedule "A" attached shall be paid as a journeyman in the trade designated opposite their name while employed in such trade.
2. Subject to Section II, Clause 4 (a - c) following, each of the Trades Helpers listed in Schedule "B" attached shall apply for examination for a certificate of proficiency in the trade after their name within sixty (60) days of the effective date of this agreement.
 - (a) Applications are made to the Director of Apprenticeship and Industrial Training appointed in the provisions of the Apprenticeship and Tradesmen's Qualification Act (hereinafter referred to as "the Director" and "the Act" respectively).
 - (b) Schedule "B" employees who successfully complete their trades qualification examination at the first opportunity provided by said Director will qualify as a journeyman and henceforth be paid accordingly.
3.
 - (a) Every employee described in Clause 2 above who fails the examination taken or who is refused an opportunity to write the examination by the Director may apply for entry into a contract of apprenticeship in the grade designated opposite their name.
 - (b) Such applicants shall be accepted by the Employer as an apprentice at the appropriate level if they are approved for an apprenticeship with the district by the Director.

4. (a) Any Schedule "B" employee who has reached their forty-fifth (45th) birthday as of the date of this agreement may elect to not write the qualifying examination or to participate in the ATP.
- (b) Such employees shall make that opt-out election within sixty (60) days of the date of this agreement.
- (c) Employees named in Schedule "B"
 - (i) who opt-out as in clauses 4 (a - b) preceding, or
 - (ii) who fail the qualifying examination under Clause 2 above and who subsequently decline to become an apprentice, or
 - (iii) who are refused entrance into an apprenticeship contract by the Director shall be retained by the Employer in their last regular position at the rate of pay provided for in the collective agreement between the employer and the Union. Such employees shall be "red-circled" and shall not thereafter be entitled to progress to a higher increment level in that classification (i.e. to progress from TH-I to TH-II.)

LAYOFFS/SENIORITY

Section III

For the purpose of layoff of journeymen and apprentices within the trades of the School District, apprentices and journeymen shall be separate as to classification and seniority, as follows:

- (i) In the event of a reduction in trades sections, layoffs shall occur in the following order: (1st) red-circled Trades Helper I's and apprentices with two or fewer years of apprenticeship; (2nd) all other apprentices; (3rd) red-circled Trades Helper II's; (4th) journeymen. All laid off employees will, however, be able to exercise their seniority in other classifications as dictated by the collective agreement.
- (ii) If apprentices are laid off, seniority as an apprentice shall determine order of layoff.
- (iii) In the event of recall or re-hire, classifications filled shall be in reverse order described in sub-clause (i) above.

SCOPE OF PLAN

Section IV

1. Subject to the obligations of the Employer under Section II, Clause 3(b) above to employ as apprentices those employees who fail their qualifications exams for their respective designated trades, the Employer may also employ up to one (1) apprentice to four (4) journeymen, provided however, that:
 - (i) the Employer may authorize apprentices in trades where the number of journeymen is fewer than four, if an apprenticeship is deemed warranted.
 - (ii) during the initial implementation phase of this Apprenticeship Training Plan, the maximum may be exceeded at the discretion of the Employer by reason of applications for apprenticeships from incumbent trades helpers applying under Section II, clause 3 (b) above, and
 - (iii) the Board will ensure that the apprentice to journeyman ratio is sufficient to respond to future planning needs in any trade (without, however, prejudicing the Board's right to hire journeymen in preference to hiring apprentices).
2.
 - (a) Every apprentice who has obtained a certificate of proficiency or a certificate of apprenticeship in their designated trade under the Act for whom no journeyman's position is immediately open in the district shall, subject to the availability of work, be retained on staff in the district for a maximum of six (6) months at the final step of the appropriate apprentice pay scale as provided in the contract of apprenticeship.
 - (b) After expiration of the said six (6) month period, the Employer shall have no obligation to offer them employment as a journeyman.
 - (c) In the event a position is not available for a graduate apprentice as a journeyman in their trade, they shall exercise their seniority as per the collective agreement.

APPRENTICESHIP PROBATION

Section V

1.
 - (a) An employee who applies to the Employer to enter into an apprenticeship contract with the Employer and is accepted as a prospective apprentice shall serve a three (3) month probationary period provided the Director has approved the probationary contract of apprenticeship.

- (b) The employer may only extend the probationary period with the express permission of the Apprenticeship Branch or as provided under Section VII (5) following.
- 2. Upon the completion of the probationary period by the apprentice to the satisfaction of his superintendent, the Employer and the apprentice shall execute an apprenticeship contract and the three (3) months probationary period shall be considered part of the first year of apprenticeship.
- 3. Any employee who fails to complete the probationary period for any reason or fails to execute an apprenticeship contract shall retain their overall district seniority and shall be transferred back to their former position (or otherwise exercise their seniority) pursuant to the collective agreement.

APPRENTICESHIP COURSEWORK

Section VI

- 1. An apprentice shall be paid their regular rate of pay while attending full-time courses set by a training authority established under the Act during each year of apprenticeship.
- 2. Where possible, however, the apprentice will be directed to undertake coursework during times other than normally scheduled work hours.
- 3. The Employer has no obligation to authorize time off for coursework or exam writing for more than one trade apprenticeship per employee.
- 4. An apprentice failing the qualifications exam shall be permitted to repeat the examination only once at the next available examination period if his superintendent considers his in-shop performance adequate. Should the second examination be failed, the apprentice's contract shall be terminated and he shall revert to his previous regular position, if applicable, or exercise seniority rights as per the collective agreement, or be laid off.
- 5. (a) Where an apprentice incurs delay in taking one of the tests due to unavailability of an examination or rescheduling of an examination, the delay shall not prejudice their right to any wage increments provided for in this agreement.
 - (b) Such pay due and owing shall not be paid, however, until the apprentice has passed the examination, but shall be retroactive to the increment date.
 - (c) Responsibility for providing examination results rests solely with the employee.

6. Apprentices shall be required to attend any and all classes pertaining to their trade as laid down by the Apprenticeship Branch.
7.
 - (a) In cases of failure on the part of any apprentice to fulfill his obligations in respect to school attendance, the Employer -- subject always to the grievance procedure contained in the collective agreement -- shall have the authority to recommend to the Apprenticeship Branch that it suspend or revoke the apprenticeship and agreement, and will notify the Union of the violation.
 - (b) Any appeal through the grievance procedure shall be processed prior to a recommendation being made to the Apprenticeship Branch.
 - (c) Pending resolution of the grievance launched in Clause 7(a) above, the employee shall not qualify for further apprenticeship wage increments.
 - (d) Should the Branch uphold the agreement or the grievance succeed, any increments withheld shall be paid retroactive to their due date.

APPRENTICESHIP CONTRACTS

Section VII

1. Apprenticeship contracts shall be prepared before the end of the probationary period and shall be signed by the apprentice (and, if a minor, their parent or guardian).
2. Each applicant for an apprenticeship (and if they are a minor, their parent or guardian) shall be given an opportunity to read a statement of apprenticeship standards before signing the apprenticeship contract.
3. Every apprenticeship contract entered into under these standards of apprenticeship shall contain a clause making these standards a part of the agreement with the same effect as if expressly written therein.
4. Copies of each apprenticeship contract, completely filled out, shall be given to the apprentice and the Union.
5. Where an apprentice is absent from work for a substantial period in any year, the Employer -- after consultation with and with the approval of the Apprenticeship Branch -- shall extend the term of such apprentice's contract for the duration of the sickness, injury, or leave of absence. Any wage increments normally due will be delayed accordingly, and the Union advised in writing.

HOURS OF WORK

Section VIII

1. The apprentice's hours of work shall be the same as those of the journeyman. During times an apprentice is scheduled to attend school classes, however, the Employer may not call him in to work. Nevertheless the apprentice may, however, be required to service emergencies prior to or after scheduled classes. In such instances normal overtime rates of pay will apply.
2. Apprentices shall be paid overtime rates in accordance with the overtime provisions contained in the current collective agreement, based on the apprentice's regular rate of pay.

RATES OF PAY

Section IX

1. Every employee described in Section II, Clause 3 (a - b) who enters into a contract of apprenticeship with the Employer shall be paid during the term of such contract the higher of:
 - (i) their last regular rate of pay as of the date of their contract of apprenticeship (without any further experience increments during the term of the contract of apprenticeship), or
 - (ii) the rate of pay established by the terms of the collective agreement between the Employer and the Union for the appropriate apprenticeship level attained from time to time under the contract.
2. For all other apprentices, remuneration shall be as outlined in Wage Schedules in the collective agreement.

MISCELLANEOUS

Section X

1. Every journeyman in apprenticeship trades taken on staff after the date of this agreement shall be required to have a B.C. trades qualification (TQ) certificate of proficiency and a certificate of apprenticeship or its equivalent in their designated trade as required by the Act.

These funds will be allocated to School Districts in accordance with the following principles as per established SSEAC procedures:

- a) Additional hours will be allocated to EA positions of more than 10 and less than 35 hours where required to provide support for the learning needs of students in alignment with district objectives and the Learning Improvement Fund Statute and Regulation. This does not preclude the creation of new full time or part time EA positions.
- b) In order to facilitate the creation of full time jobs, the Parties encourage the bundling of duties.
- c) In order to promote continuity of student coverage consideration will be given to creating positions of equivalent length. For clarity, shifts scheduled for a duration not ending in a whole hour or half hour, will be increased to the next half hour.
- d) Consideration may be given to the establishment of itinerant positions to enhance services to students with special needs and provide for the opportunity to effectively deploy EA's in circumstances of changing enrollment throughout the school year.
- e) Support staff local unions and Boards of Education will formulate a plan for the above funds. Plans for full time jobs for EA's are to be accompanied by job descriptions as per existing SSEAC procedures in accordance with the Collective Agreements.
- f) SSEAC will receive the jointly agreed plans from school districts and locals.
- g) If disputes arise regarding the implementation of this agreement the matter will be referred to the SSEAC.
- h) Should SSEAC fail to resolve the issue to the satisfaction of the referring parties the matter may be sent by either party to mediation using a mutually agreed upon mediator.
- i) If permitted by legislation and regulation, a one-time allocation of \$2.5 million from these funds, on or after July 1, 2015, will be provided to the SSEAC Skills Enhancement Fund to be distributed to school districts for job related EA training according to established procedures. The Parties agree to write a joint letter to the Ministry requesting that any enabling changes to legislation and regulation be made to allow this to occur.

8. PEBT

- a) Date adjustment for the annual funding of the PEBT LTD plan:

Change the date of the annual funding payment of \$19,428,240 provided by the Ministry of Education from January 1 to April 1 of each year, commencing April 1, 2015. Thereafter the Ministry of Education will provide the PEBT with \$19,428,240 each April 1.

The annual contribution period will continue to be based on the calendar year.

Recognizing the impact on interest earnings as a result of the three (3) month delay in 2015, the PEBT will be provided with a one-time interest payment by the Ministry of Education of \$300,000 on January 2, 2015.

- b) Employee Family Assistance Program (EFAP) services and the PEBT

The Parties request that the PEBT Board undertake a review to assess the viability of administering all support staff EFAP plans.

9. Shared Services

The Parties will write a joint letter to the Ministry seeking agreement to include representatives from the support staff unions in a consultation process involving shared services undertakings that may have an impact on support staff positions.

10. Demographic, Classification and Wage Information

BCPSEA agrees to coordinate the accumulation and distribution of demographic, classification and wage data, as specified in the Letter of Understanding dated December 14, 2011, to CUPE on behalf of Boards of Education. The data currently housed in the Employment Data and Analysis Systems (EDAS) will be the source of the requested information.

11. Standardized Job Evaluation Study

The Parties will establish a provincial joint job evaluation steering committee (the JE committee) within thirty (30) days following the signing of this framework agreement. The committee is responsible to create a provincial job evaluation plan which may include a regional or local approach. The JE tool will be based upon the CUPE gender neutral job evaluation plan. The Parties agree the plan can be modified to fit the needs of the K-12 sector.

The committee will report out to the Parties at key milestones during the development of the plan. Should any concerns arise during the development they will be discussed and resolved by the Parties at that time.

Upon successful completion of the plan the Parties will identify one local in each of the seven established CUPE regions to pilot the plan prior to full implementation.

12. Job Evaluation Fund

To fund the development work of the JE committee during 2014 the Parties agree to a one-time allocation of \$50,000 from SSEAC.

To facilitate the implementation of the provincial job evaluation plan a fund will be established within SSEAC with an initial one-time allocation of \$250,000 on July 1, 2015 and annually each year thereafter during the term of the framework agreement, for a total of \$1,000,000 in one-time funding.

In addition to the one-time allocations, ongoing annual funds of \$900,000 will be added to the job evaluation fund for implementation purposes at January 2, 2019. Any residual ongoing funds that are available after the implementation of the standardized benefit plan will be added to the job evaluation fund.

13. Provincial Bargaining

The parties agree to amend and renew the December 14, 2011 Letter of Understanding for dedicated funding of \$200,000 to the K-12 Presidents' Council to facilitate the next round of provincial bargaining. This funding will be allocated as of July 1, 2016.

14. Unpaid Work

In accordance with the *Employment Standards Act*, no employee shall be required or permitted to perform unpaid hours of work.

15. Workload Concerns

The Parties agree that employees should be provided with a reasonable workload. Employees with workload concerns are encouraged to bring these concerns to their supervisor or union in order that the concerns can be addressed.

16. Modified Calendar

The parties recognize calendar changes are an area of concern for local support staff unions. For future calendar amendments during the term of the collective agreement the Parties agree to review and compile best practices on existing modified calendars.

The Parties recommend that where boards of education are considering making calendar changes that may have an impact on the income of support staff employees, the support staff union will have the opportunity to provide input prior to the decision being made.

Dated this 7th day of June, 2014.

The undersigned bargaining representatives agree to recommend this letter of understanding to their respective principals.

Re ECONOMIC STABILITY DIVIDEND

Definitions

1. In this Letter of Agreement:

"Collective agreement year" means each twelve (12) month period commencing on the first day of the renewed collective agreement. For example, the collective agreement year for a collective agreement that commences on April 1, 2014 is April 1, 2014 to March 31, 2015 and each period from April 1 to March 31 for the term of the collective agreement.

"Economic Forecast Council" means the Economic Forecast Council appointed under s. 4 of the *Budget Transparency and Accountability Act*, [S.B.C. 2000] c. 23;

"Forecast GDP" means the average forecast for British Columbia's real GDP growth made by the Economic Forecast Council and as reported in the annual February budget of the government;

"Fiscal year" means the fiscal year of the government as defined in the *Financial Administration Act* [1996 S.B.C.] c. 138 as 'the period from April 1 in one year to March 31 in the next year';

"Calendar year" Is a twelve (12) month period starting January 1st and ending December 31st of the same year based upon the Gregorian calendar.

"GDP" or "Gross Domestic Product" for the purposes of this LOA means the expenditure side value of all goods and services produced in British Columbia for a given year as stated in the BC Economic Accounts;

"GWI" or "General Wage Increase" means a general wage increase resulting from the formula set out in this LOA and applied as a percentage increase to all wage rates in the collective agreement on the first pay day after the commencement of the eleventh (11th) month in a collective agreement year;

"Real GDP" means the GDP for the previous fiscal year expressed in constant dollars and adjusted for inflation produced by Statistics Canada's Provincial and Territorial Gross Domestic Product by Income and by Expenditure Accounts (also known as the provincial and territorial economic accounts) and published as "Real Gross Domestic Product at Market Prices" currently in November of each year.

The Economic Stability Dividend

2. The Economic Stability Dividend shares the benefits of economic growth between employees in the public sector and the Province contingent on growth in BC's real GDP.

3. Employees will receive a general wage increase (GWI) equal to one-half (1/2) of any percentage gain in real GDP above the forecast of the Economic Forecast Council for the relevant calendar year.

4. For greater clarity and as an example only, if real GDP were one percent (1%) above forecast real GDP then employees would be entitled to a GWI of one-half of one percent (0.5%).

Annual Calculation and publication of the Economic Stability Dividend

5. The Economic Stability Dividend will be calculated on an annual basis by the Minister of Finance for each collective agreement year commencing in 2015/16 to 2018/2019 and published through the PSEC Secretariat.

6. The timing in each calendar year will be as follows:

- (i) February Budget – Forecast GDP for the upcoming calendar year;
- (ii) November of the following calendar year – Real GDP published for the previous calendar year;
- (iii) November - Calculation by the Minister of Finance of fifty percent (50%) of the difference between the Forecast GDP and the Real GDP for the previous calendar year;
- (iv) Advice from the PSEC Secretariat to employers' associations, employers and unions of the percentage allowable General Wage Increase, if any, for each bargaining unit or group with authorization to employers to implement the Economic Growth Dividend.

7. For greater clarity and as an example only:

For collective agreement year 3 (2016/17):

- (i) February 2015 – Forecast GDP for calendar 2015;
- (ii) November 2016 – Real GDP published for calendar 2015;
- (iii) November 2016 - Calculation of the fifty percent (50%) of the difference between the 2015 Forecast GDP and the 2015 Real GDP by the Minister of Finance through the PSEC Secretariat;
- (iv) Direction from the PSEC Secretariat to employers' associations, employers and unions of the percentage allowable General Wage Increase, if any, for each bargaining unit or group with authorization to employers to implement the Economic Growth Dividend
- (v) Payment will be made concurrent with the General Wage Increases on the first pay period after respectively May, 1, 2016, May 1, 2017, May 1, 2018 and May 1, 2019.

Availability of the Economic Stability Dividend

8. The Economic Stability Dividend will be provided for each of the following collective agreement years: 2015/16 (based on 2014 GDP); 2016/17 (based on 2015 GDP); 2017/18 (based on 2016 GDP); and, 2018/19 (based on 2017 GDP).

Allowable Method of Payment of the Economic Stability Dividend

9. Employers must apply the Economic Stability Dividend as a percentage increase only on collective agreements wage rates and for no other purpose or form.

TERMS OF REFERENCE

BETWEEN:

BRITISH COLUMBIA PUBLIC SCHOOL EMPLOYERS' ASSOCIATION

AND

K-12 PRESIDENTS COUNCIL

Re: Exploration of a Greater Standardization of Benefits Plans

The parties agree to move to an optional standardized provincial extended health benefits plan (standardized plan) which would include the majority of support staff members. To further such change the parties agree to form a working committee with the goal of achieving agreement on a standardized extended health benefits plan.

Terms of Reference:

1. The committee will consist of no more than 4 members of the K-12 Presidents' Council and no more than 4 members of the BCPSEA bargaining teams. Each party will identify its representatives by June 10th, 2014.
2. The parties agree the committee will utilize the services of Morneau Shepell to assist in the process. Each party shall retain the right to invite a member of its organization to participate in the discussions where that person would bring in valuable expertise.
3. Local unions who decide to join the standardized plan must elect to do so by July 1, 2016 or a later date as mutually agreed by the Parties.
4. Where the local union in a district determines their existing plan has superior benefits and that local union elects not to participate in the standardized plan, the local union shall retain their existing plan.
5. Local unions may choose not to join the standard benefits plan without opting out of the provincial framework agreement.
6. Any measurable savings realized by movement towards a standardized plan will be retained by the PEBT unless a local collective agreement provides otherwise.
7. BCPSEA will provide ongoing annualized funding to the Boards of Education in the amount of \$3,000,000 effective September 1, 2017 to facilitate the completion of a standardized plan.
8. Any residual unused funds from the implementation of this standardized plan will be allocated to the job evaluation fund.
9. The parties commit to engaging in intensive discussions with the goal of developing a responsible standardized extended health benefit plan by June 13th, 2014 or a mutually agreed upon day.

**HER MAJESTY THE QUEEN IN RIGHT OF THE PROVINCE OF BC AS REPRESENTED BY THE MINISTRY OF
EDUCATION**

RE: LEARNING IMPROVEMENT FUND: Support Staff Priorities

WHEREAS:

The Ministry has established and maintains additional funding for the purpose of addressing high priority challenges to student learning arising from the organization of classes within schools in the province; and

The K-12 support staff unions have since 2006 raised concerns in bargaining regarding the issues of unpaid Education Assistant (EA) work, lack of stable EA hours, bell to bell EA scheduling and lack of livable earnings for EAs, and

The Support Staff Education & Adjustment Committee (SSEAC) is a joint committee of K-12 Support Staff Unions and the BC Public School Employers' Association.

THEREFORE:

The parties hereby agree as follows:
