And

The K-12 Presidents' Council and Support Staff Unions (“the Unions”)

2. Wages Increases

- c. Employees who retired between July 1, 2025 and the date of ratification, shall have their retro-active pay increase pro-rated from July 1, 2025 to date of retirement.

4. Local Bargaining - Ongoing Service & Learning Improvements

Annual ongoing funds will be provided to local bargaining tables to negotiate for ongoing service and learning improvements that have a direct or supporting connection to student learning. Examples of ongoing service and learning improvements include but are not limited to:

- a) increased hours,
- b) increased FTEs,
- c) professional development.

The district and local must reach agreement on its use and implementation as part of their local discussions. Ongoing service and learning improvement money will not be used for general wage increases, labour market adjustments, or local job evaluation plans (note: it can be used for the Provincial Classification Support System plan).

The annual ongoing funds shall be as follows:

Year	Amount	District Minimum
July 1, 2027	\$7,950,000	\$30,000
July 1, 2028	\$7,950,000	\$30,000

This money will be prorated according to student FTE, provided that each district receives the minimum amount.

5. Labour Market Adjustments

Annual ongoing funds will be allocated for the local parties for labour market adjustments. A Labour Market Adjustment (LMA) will be defined as an allowance applied to specific positions where there is demonstrable evidence of recruitment or retention challenges, such as the inability to fill existing job postings, or the current wage of a position is less than comparators in the local community.

Labour market adjustments from these funds do not alter the established salary grid, job evaluation plan, or classification structure.

The following parameters will apply:

1. During the period of July 1, 2026, until June 30, 2029, the local parties who wish to access the LMA Fund must make application to demonstrate need, document rationale, and show applicable costing for any requested labour market adjustments. Application and documentation must be submitted to the provincial parties for confirmation of eligibility for the funding.
2. The provincial parties will each have a subject matter expert plus another appointed representative to review submissions jointly. An application may be

accepted or denied based on the decision of the provincial parties. The subject matter experts and appointed representatives will develop the application and approval process within 6 months of the endorsement of the 2025-2029 Provincial Framework Agreement.

3. Approved LMAs will continue until June 30, 2029. Local parties will need to reapply for subsequent three-year periods if they view that the continuation of the LMA is warranted.
4. During the period of July 1, 2026, until June 30, 2029 (or during subsequent three-year periods), should the local parties determine there is not a need for labour market adjustments, or there is a balance remaining in their allocation, then the local table can choose to apply the remainder to the Provincial Classification Support System or increases to Education Assistant FTEs or hours.
5. If the subject matter experts and appointed representatives are unable to agree on an application, the matter shall be referred to the Provincial Labour Management Committee (PLMC). If the PLMC is unable to reach agreement, the matter shall be referred to the Provincial Dispute Resolution.

The ongoing annual funds shall be as follows and distributed to local parties based on support staff FTE:

Year	Amount
